Before you start

- 1 Print at actual size (100%), not "fit to page".
- 2 Solid lines are for cutting. Dashed lines are for folding. Grey tabs get the glue.
- 3 Every spot is for coloring, painting or covering with a dot sticker.
- 4 Fundraising with kids? A grown-up should collect and pay in the money.

Prints on A4 and US Letter. Instructions for each craft are on craftifybud.com.

Big Dot-Painting Shapes

Fill with cotton bud dots or dot stickers

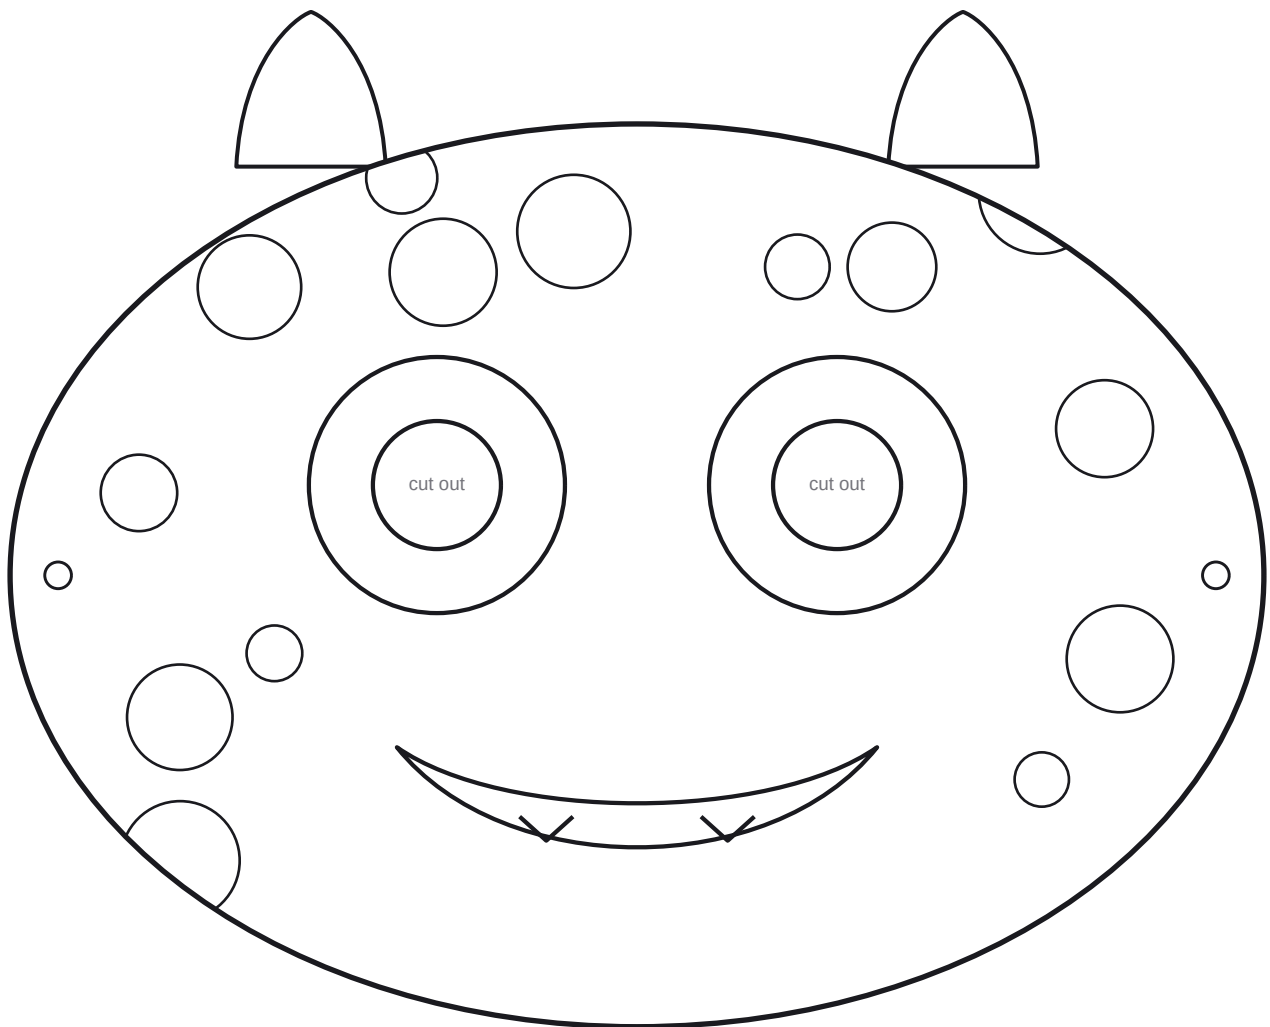

Little ones can follow the grey dots. Bigger kids can make their own patterns.

Independent free printable. Not connected to the BBC or BBC Children in Need.

Spotty Monster Mask

Color the spots, cut out the eye holes, tie on string

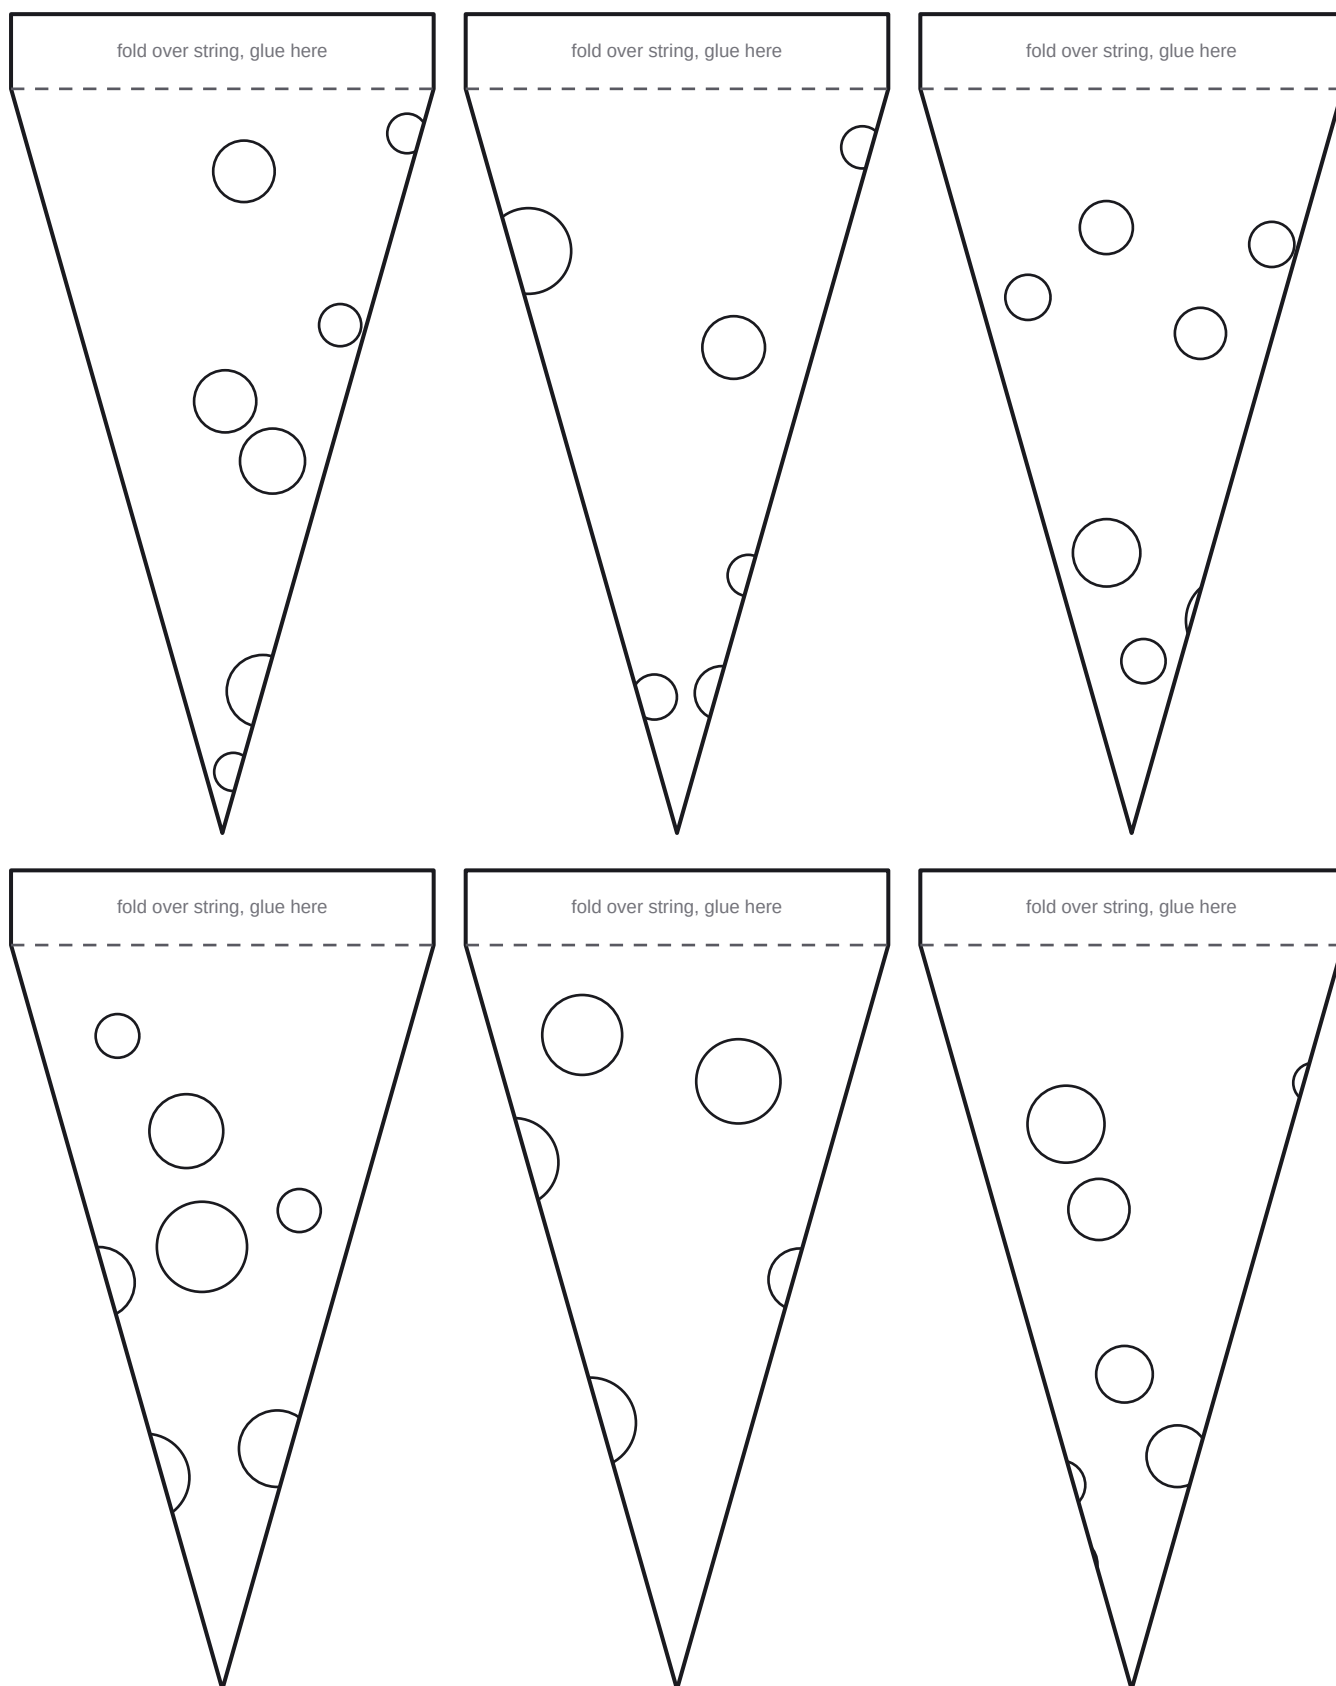

Glue the mask onto card first so it's stiff enough to wear.
A grown-up cuts out the eye holes. Punch the two side dots and tie on string or elastic.

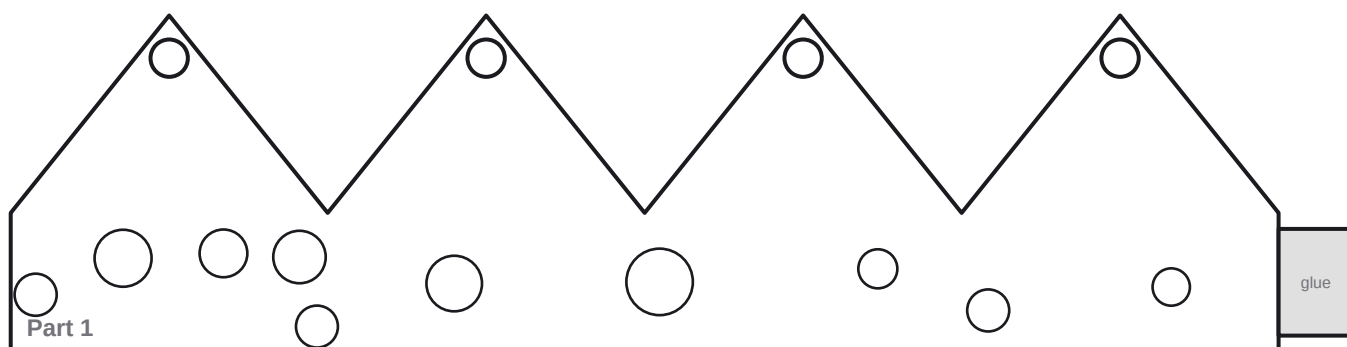

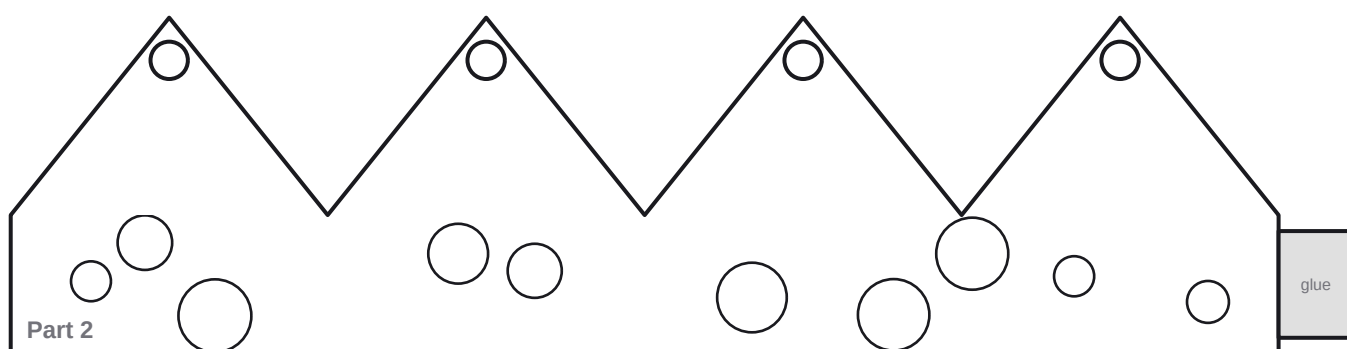

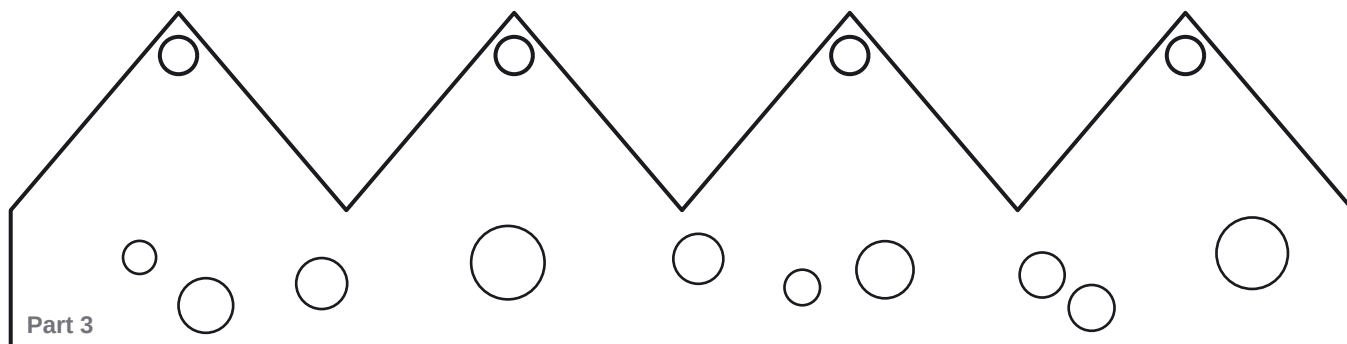

Spotty Bunting

Color, cut out, fold the top over a string and glue

Spotty Crown

Cut out all three parts, glue them into one long strip, then tape to fit

Glue the grey tab of part 1 behind part 2, and part 2 behind part 3.
Wrap it round your child's head and tape the ends where they meet. Trim any extra.

Guess the Spots

Stick the label on your jar, then fill in the guessing sheet
