

Toddler Christmas Craft Templates

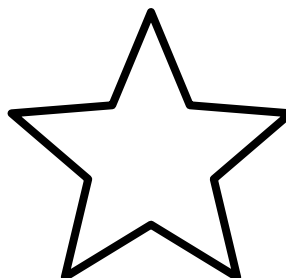

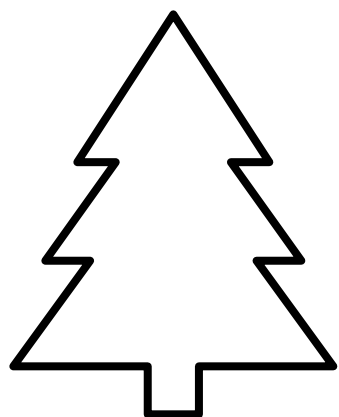

Big shapes for under-3s · craftifybud.com

What's inside

Big Christmas tree	Crafts 1 and 7	page 2
Sticky wall shapes: stars, circles, presents	Craft 2	page 3
Big gingerbread person	Craft 9	page 4
Wreath bow and tree-top star	Crafts 8 and 10	page 5
What to leave out under age 3 (poster)	All	page 6

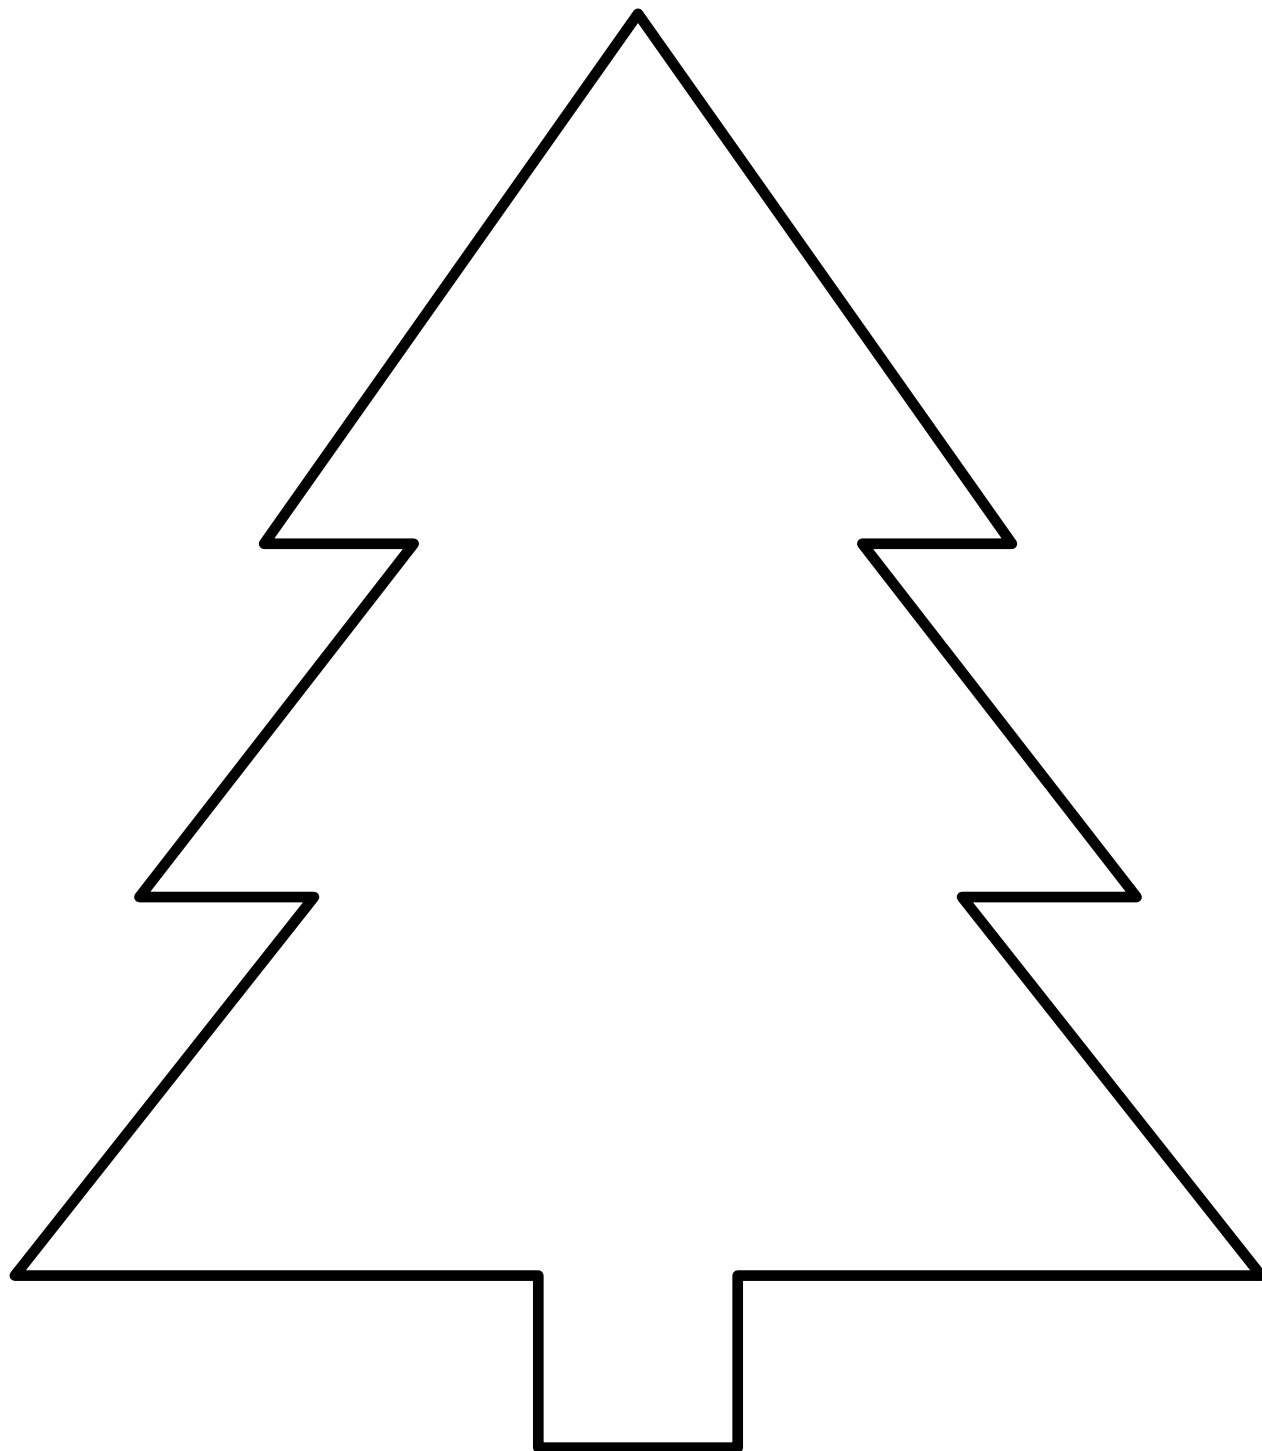

Safety first

- Print at "actual size" so every shape stays over 2 inches across.
- Stay right next to your toddler for every craft.
- Washable, non-toxic paint and markers only.
- No small loose pieces: if it fits through a toilet roll tube, leave it out.

Big Christmas Tree

For the paint-in-a-bag tree and the big sticker tree · Crafts 1 and 7

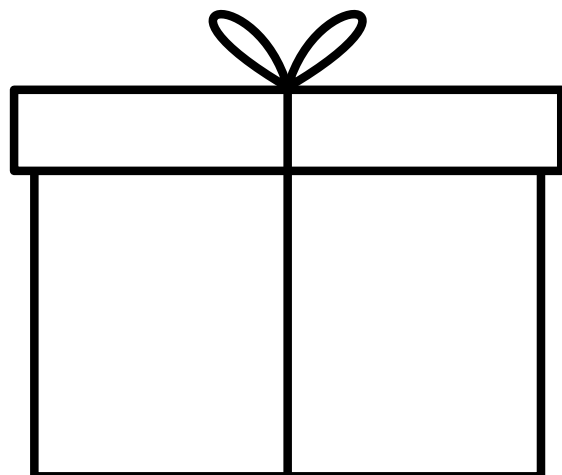

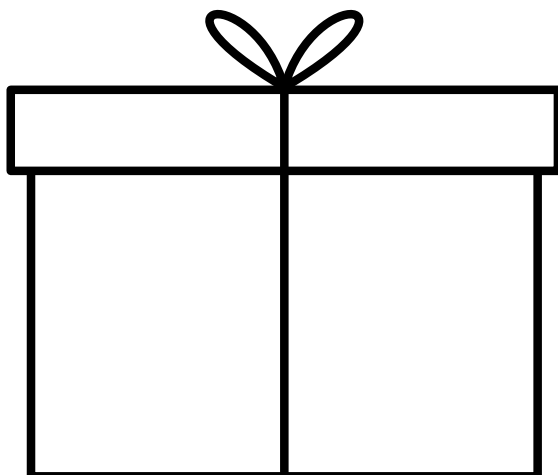

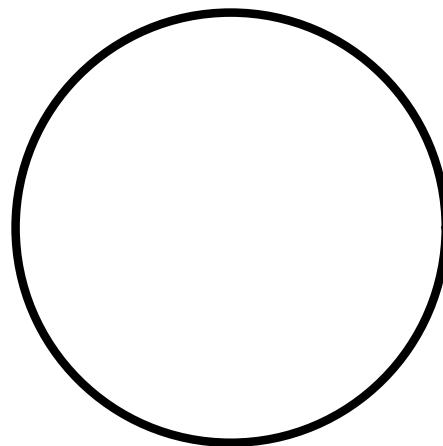

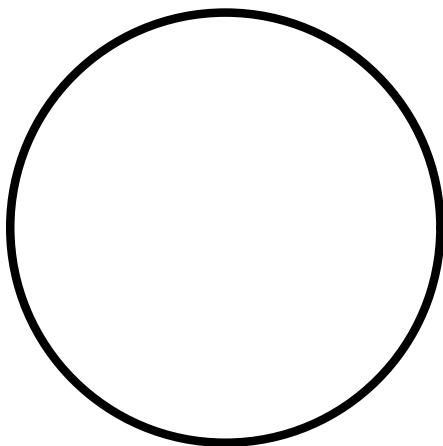

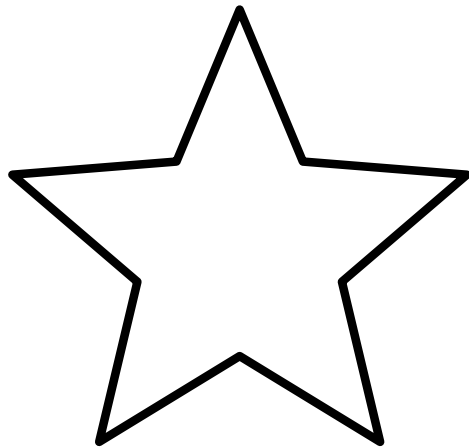

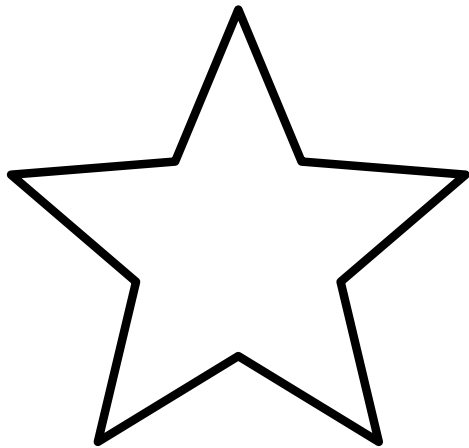

For craft 1, slip this page inside a large freezer bag before you add the paint.

Sticky Wall Shapes

Cut out and press onto the contact paper tree · Craft 2

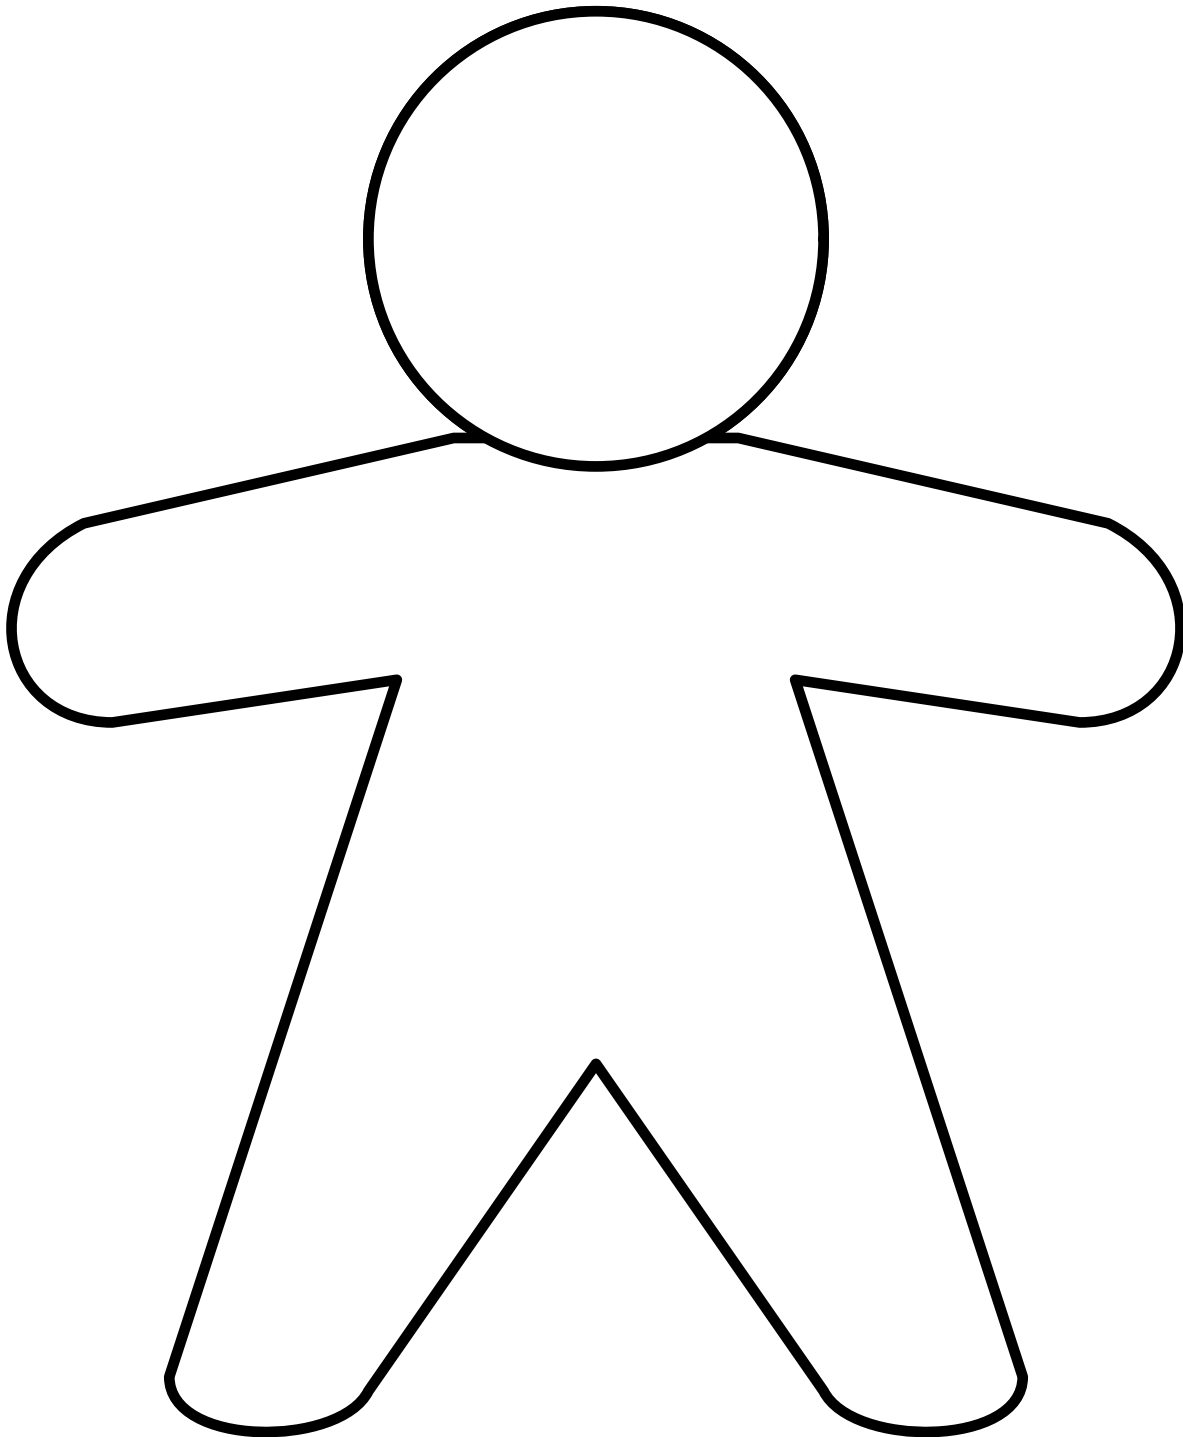

Every shape is over 2 inches across, bigger than the small-parts size for under-3s.

Big Gingerbread Person

Sponge-paint it, then draw the buttons and smile on · Craft 9

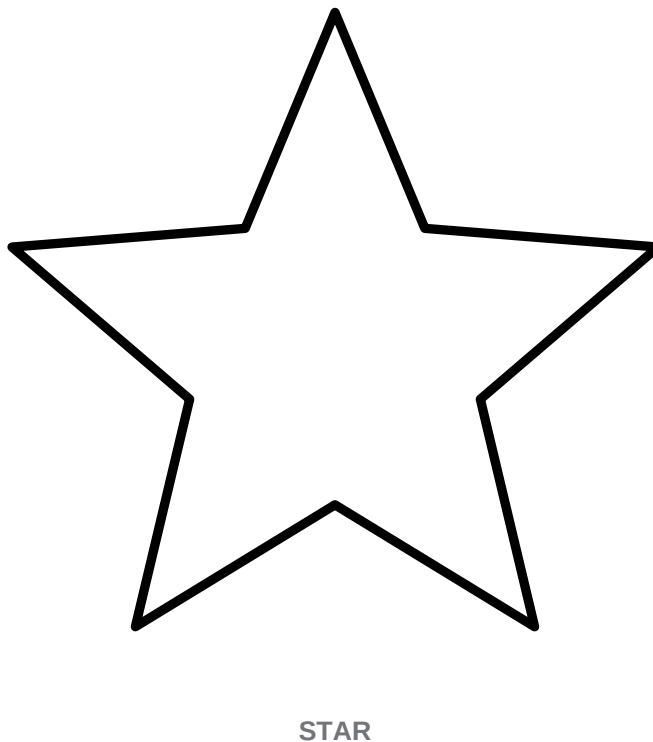

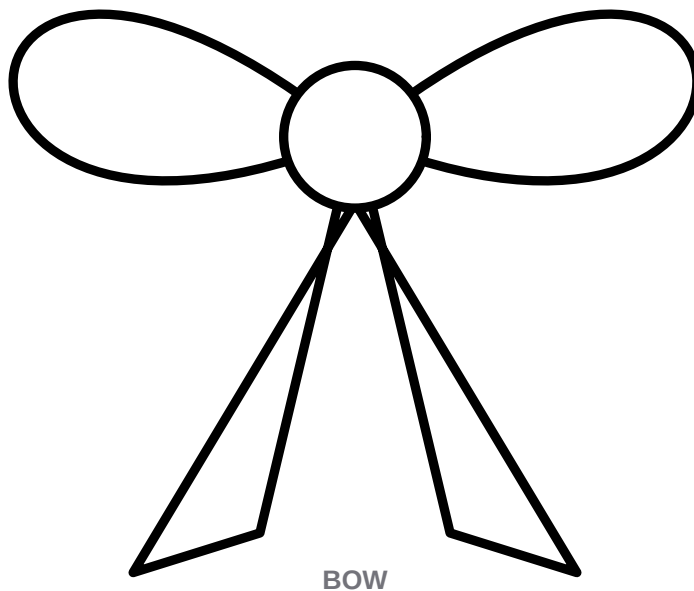

Draw the details with a marker. Don't glue on buttons, sequins or googly eyes.

Wreath Bow and Tree-Top Star

Craft 8 (bow) and craft 10 (star)

What to Leave Out Under Age 3

A quick check for any toddler craft

Pom-poms, beads, buttons, googly eyes, sequins, small bells

Anything that fits through a toilet roll tube can choke a toddler.

Necklaces, bracelets, anything on a cord

Jewelry isn't recommended for babies and toddlers.

Salt dough and homemade play dough

Lots of salt: dangerous if a small child eats some.

Loose glitter

It ends up in eyes and mouths.

Pipe cleaners

Sharp ends, and they bend into small pieces.

Always

- Stay right next to your toddler the whole time.
- Use paint and markers labeled washable and non-toxic.
- Keep every loose piece bigger than a toilet roll tube is wide.
- Count pieces out, and count them back in.
