Printing tips

- Print at actual size (100%), not "fit to page".
- Fill in brackets in pencil. Someone always changes their mind.
- Color in the winner's line after each game.
- 2027 dates: Selection Sunday March 14, first round from March 18, championship games April 4 and 5.

Prints on US Letter and A4.

How Brackets Work

A guide for kids

A bracket is a chart that shows who plays who.
In each game, one team wins and moves along the line. The other team goes home.
The winners keep playing each other until only one is left: the champion!

How many games to find one champion?

8 teams: 4 games, then 2, then 1. That's 7 games.

16 teams: 8 + 4 + 2 + 1 = 15 games.

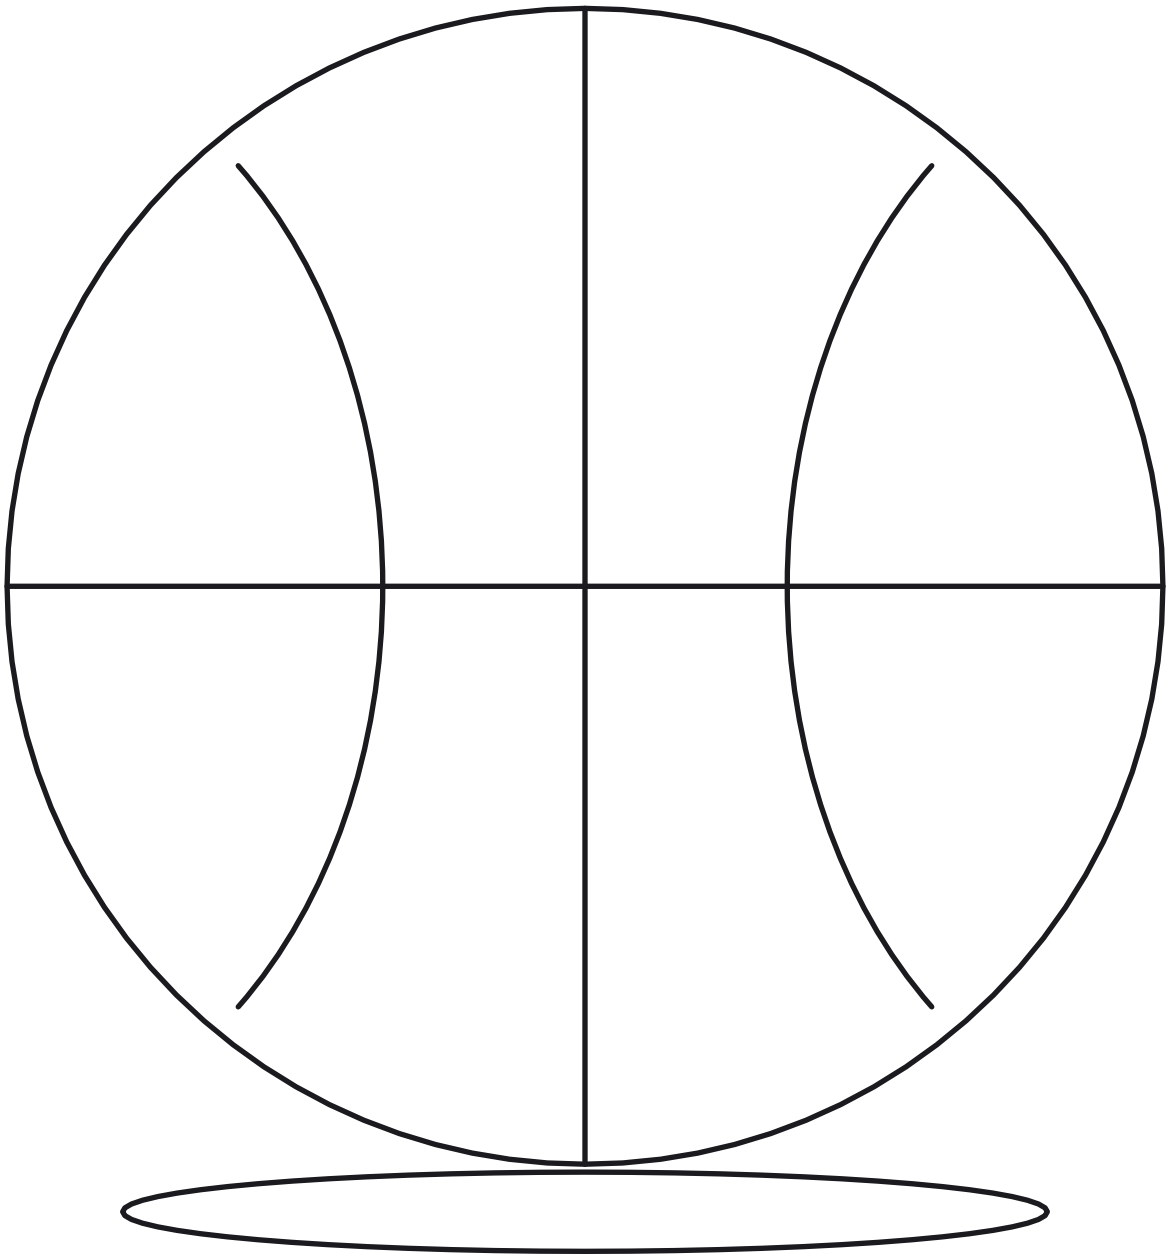

64 teams: 32 + 16 + 8 + 4 + 2 + 1 = 63 games!

Here's the trick: every game knocks out one team, so it always takes one game fewer than the number of teams.
