13 Happy Lunar New Year

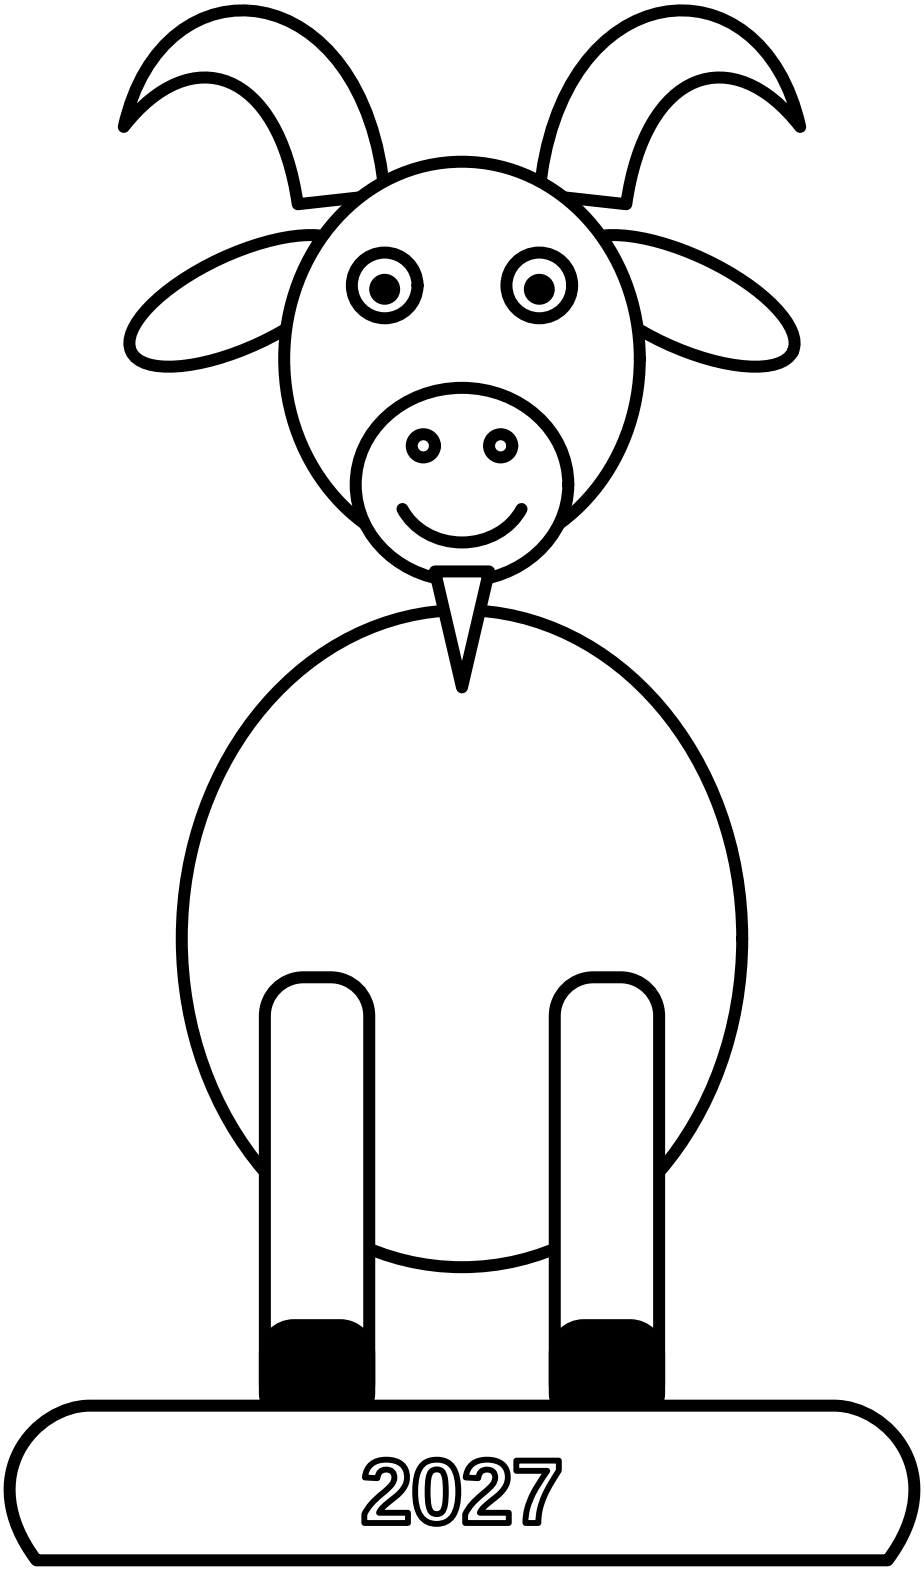

What the pictures mean

- **Red:** the color of luck and happiness.
- **Red envelopes:** small envelopes with money inside, given to children for good luck in the new year.
- **Lanterns:** light up homes and streets. The celebrations end with the Lantern Festival on the 15th day.
- **Dumplings:** their shape is said to look like old silver money, a wish for a good year.
- **Lion dance and dragon dance:** dancers move to drums and cymbals to bring good luck and chase bad luck away.
- **The character fu:** means good fortune. People often hang it upside down, because "upside down" sounds like "arrived", so good fortune has arrived. This pack shows it upright.

The date and zodiac facts follow Royal Museums Greenwich. Print in black and white, and color with any red crayon you have.
