10 Football Mandala
11 Patterned Helmet
12 Stadium at Night
13 Game Day Lettering

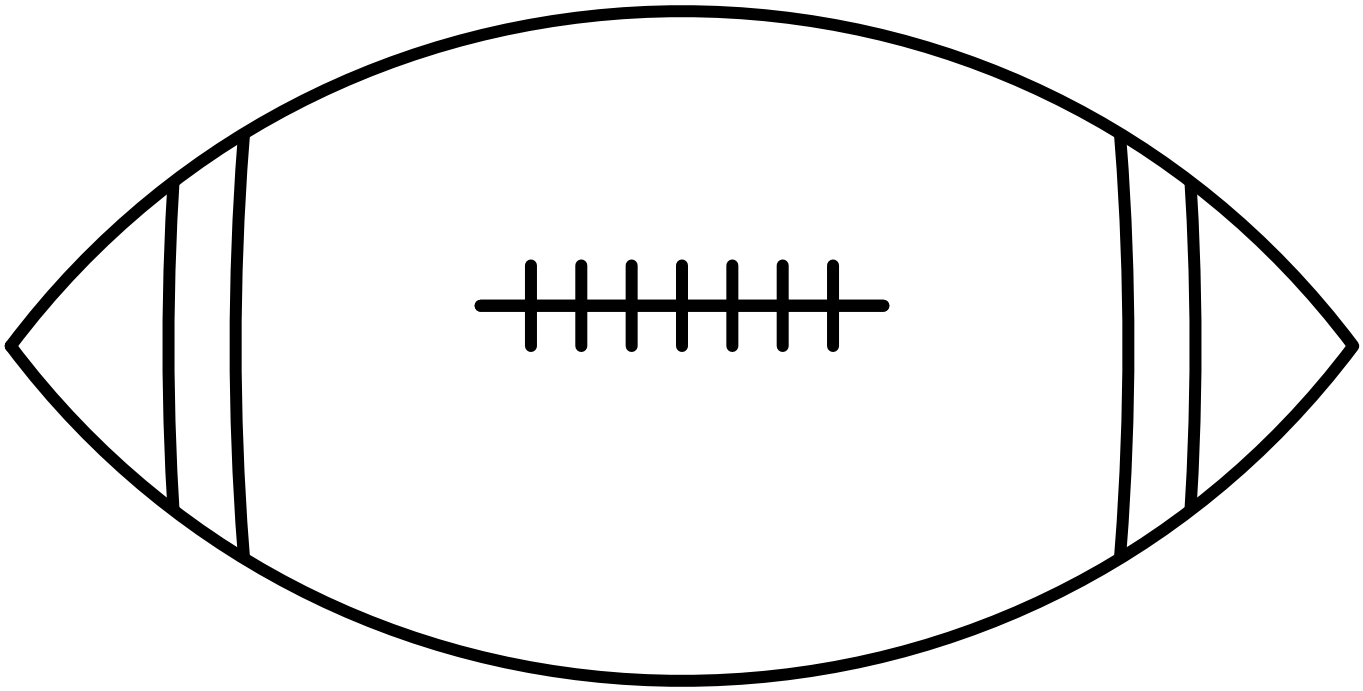

**14 Design Your Own Team:** a blank helmet and jersey to turn into your own team.

## Coloring tips

- Footballs are brown, but not one flat brown. Use a darker brown near the edges and a lighter one in the middle so the ball looks round. The laces stay white.
- On helmets, color the shell first, then the stripe, and leave a little white curve on top so it looks shiny.
- Kids can pick any team colors they like. Every page here uses made up players and plain jerseys, with no leagues, teams or logos.
- This pack is American football, the one with the oval ball and the helmets. Looking for soccer? Try our soccer coloring pages on craftifybud.com.
