p15 Design your own: a blank template with the fold lines
p16 Mini snowflakes: four small templates for a garland or gift tags

Tips

- Print at actual size (100%) on plain printer paper. Card stock is too thick to fold 12 layers.
- White stays, gray goes. The gray corners outside the circle get cut away too.
- Always fold with the printed side on the outside, so the pattern ends up on top.
- Little ones: a grown-up folds, the child cuts. Skip the last fold if 12 layers is too thick.

Prints on US Letter and A4.

How to Fold Your Snowflake

Six steps, printed side out

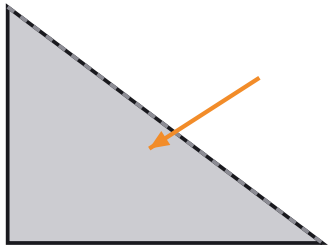

1. Cut out the square

Cut along the solid line around the gray square.

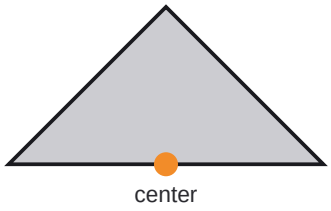

2. Fold corner to corner

Fold it into a triangle with the printed side on the outside.

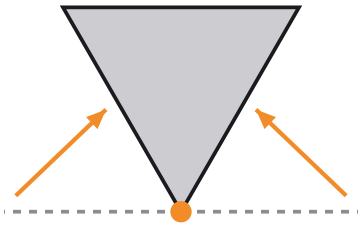

3. Find the middle

The center of the snowflake is the middle of the long folded edge.

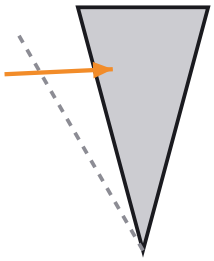

4. Fold into thirds

From the center, fold one side to the front and one behind. Line up the edges.

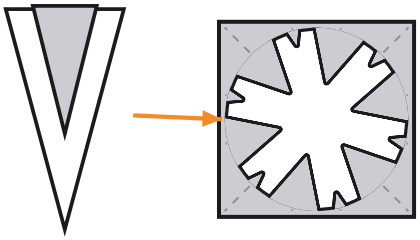

5. Fold in half

Fold the cone in half, printed side out. Press every fold flat.

6. Cut and unfold

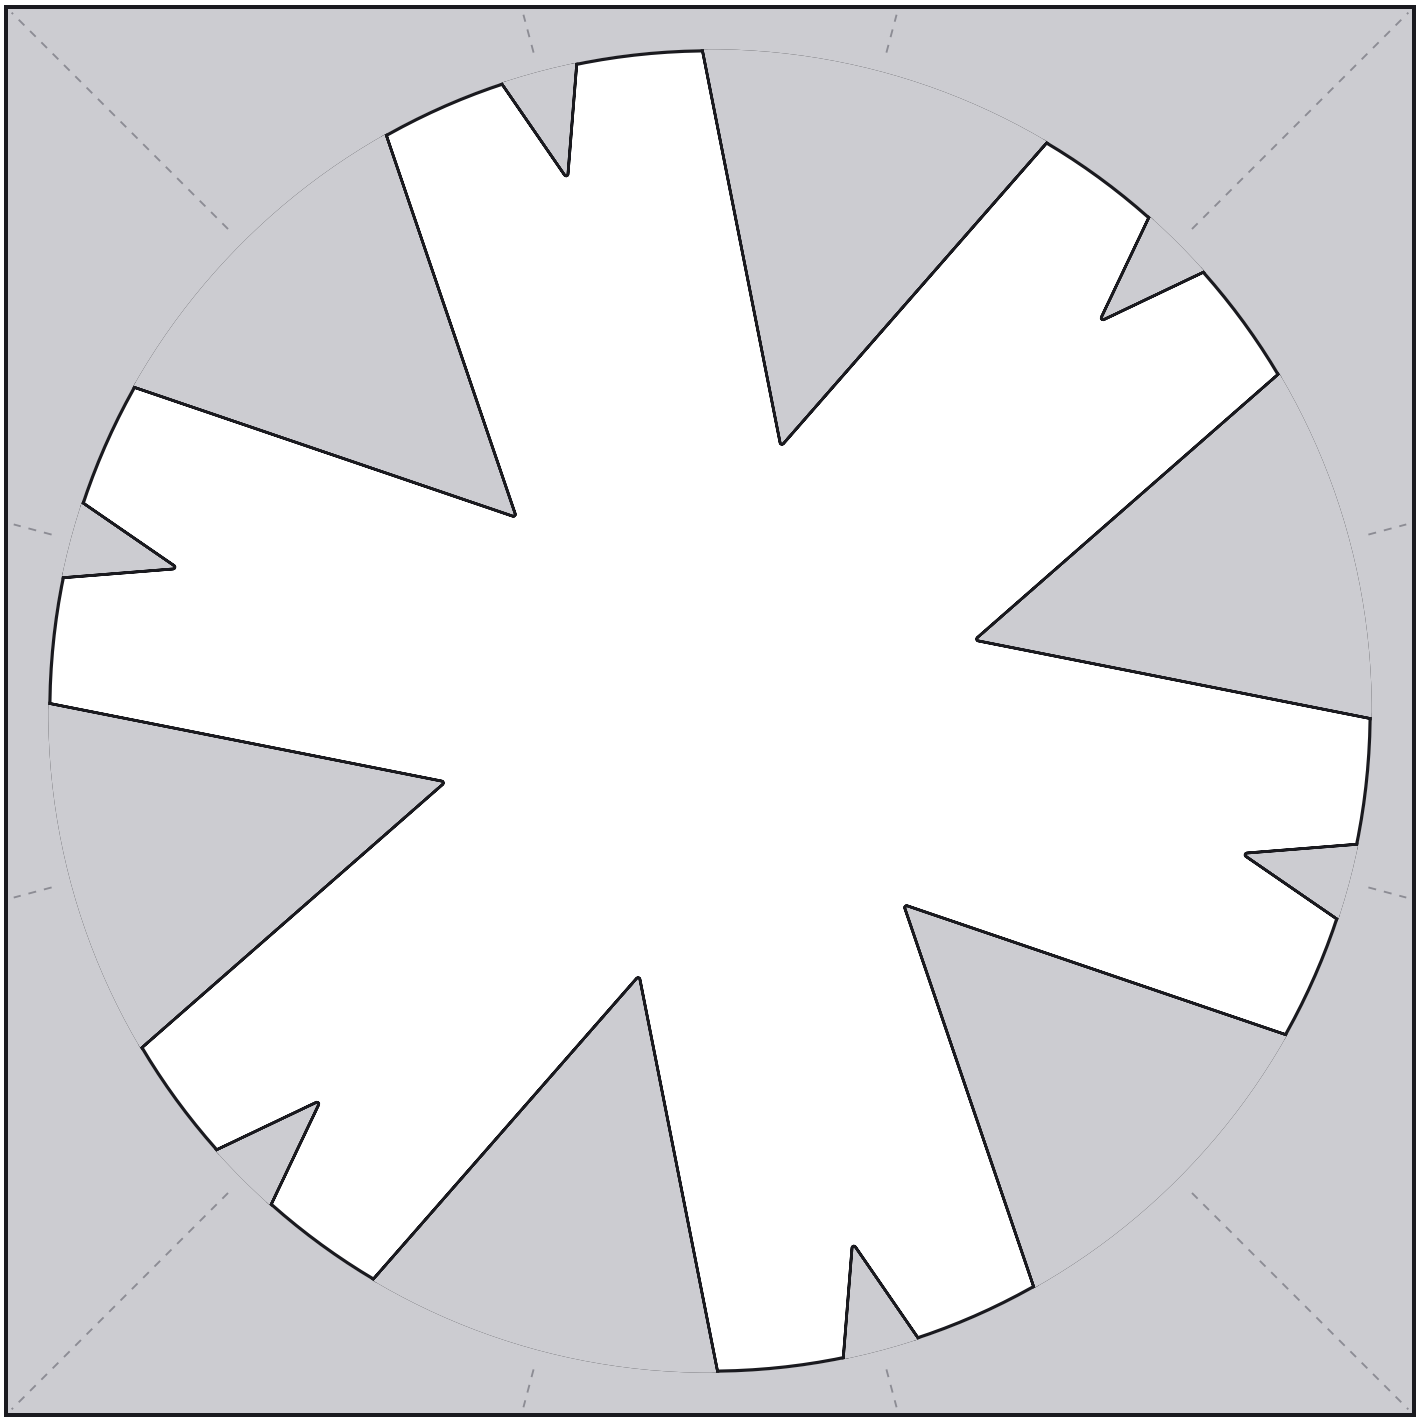

Cut away the gray you can see on top, outside the curve too. Unfold slowly.

Name: _____

Star Flake

Easy · Ages 4 to 6, with help

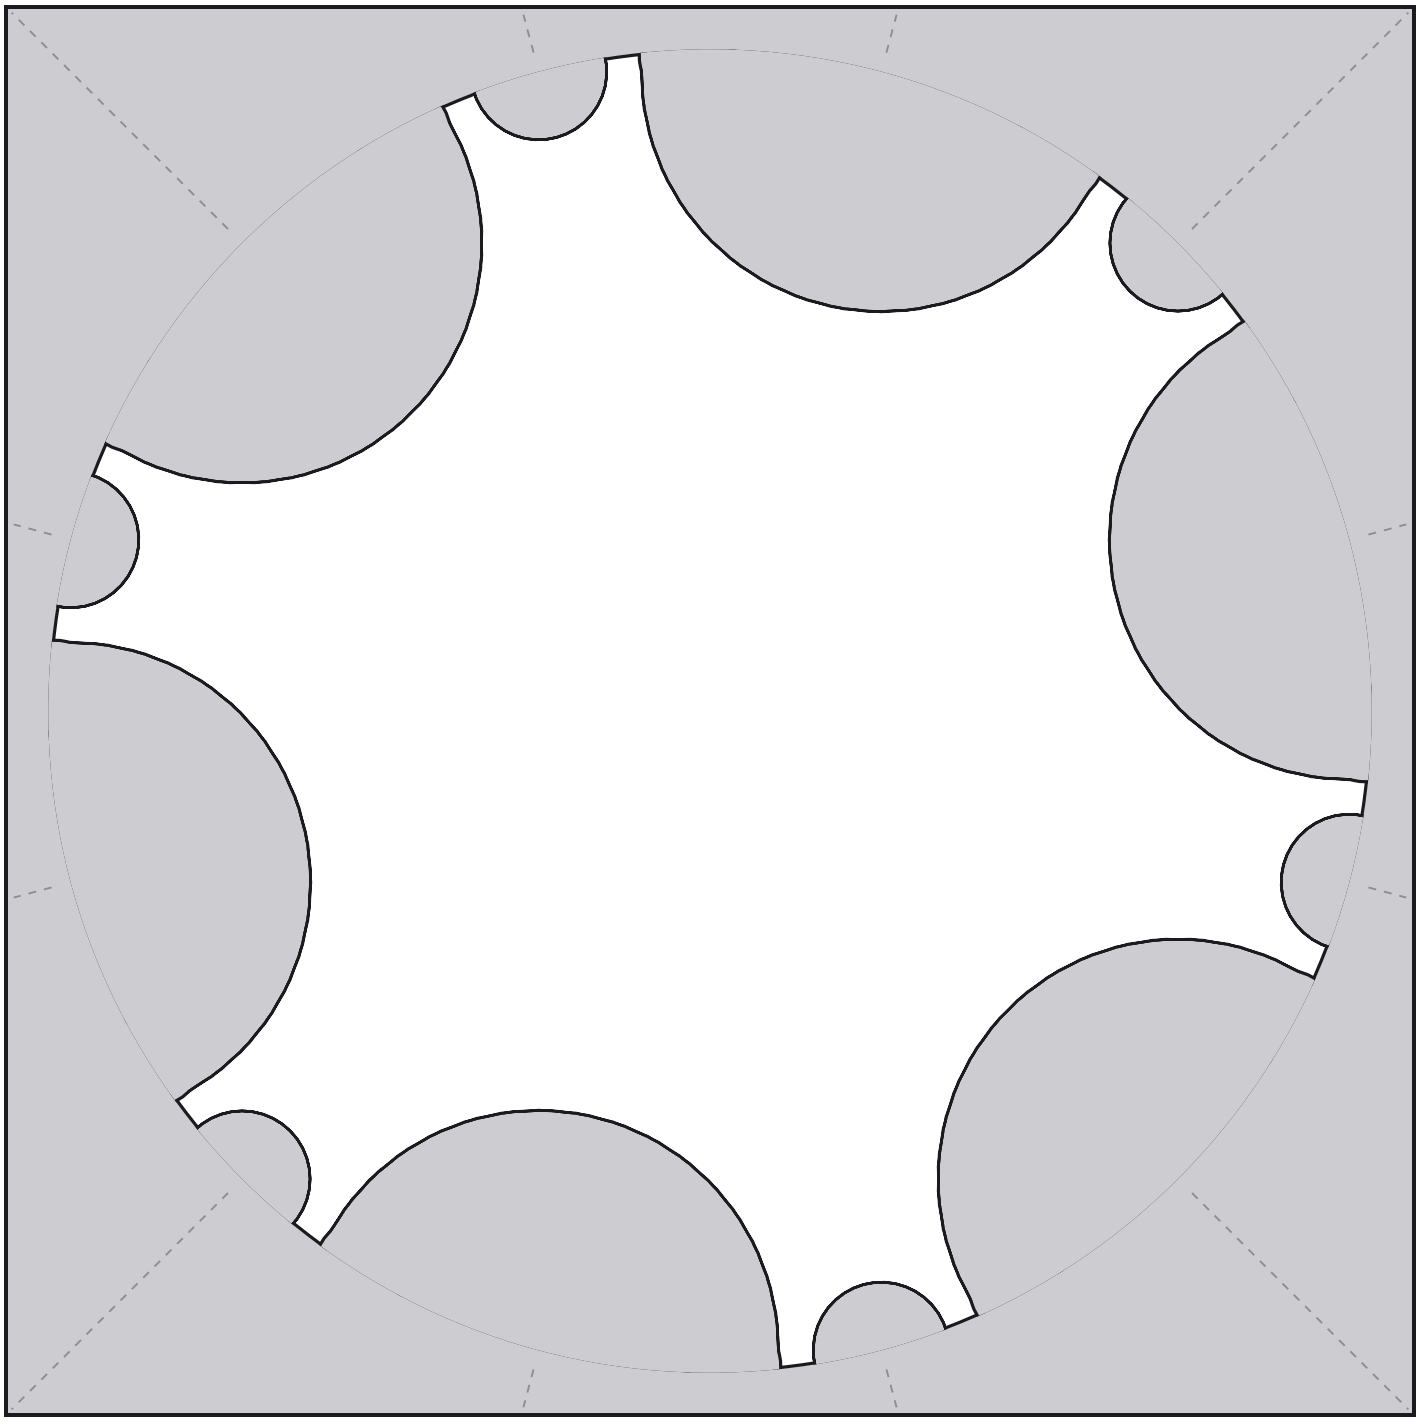

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Scallop Flake

Easy · Ages 4 to 6, with help

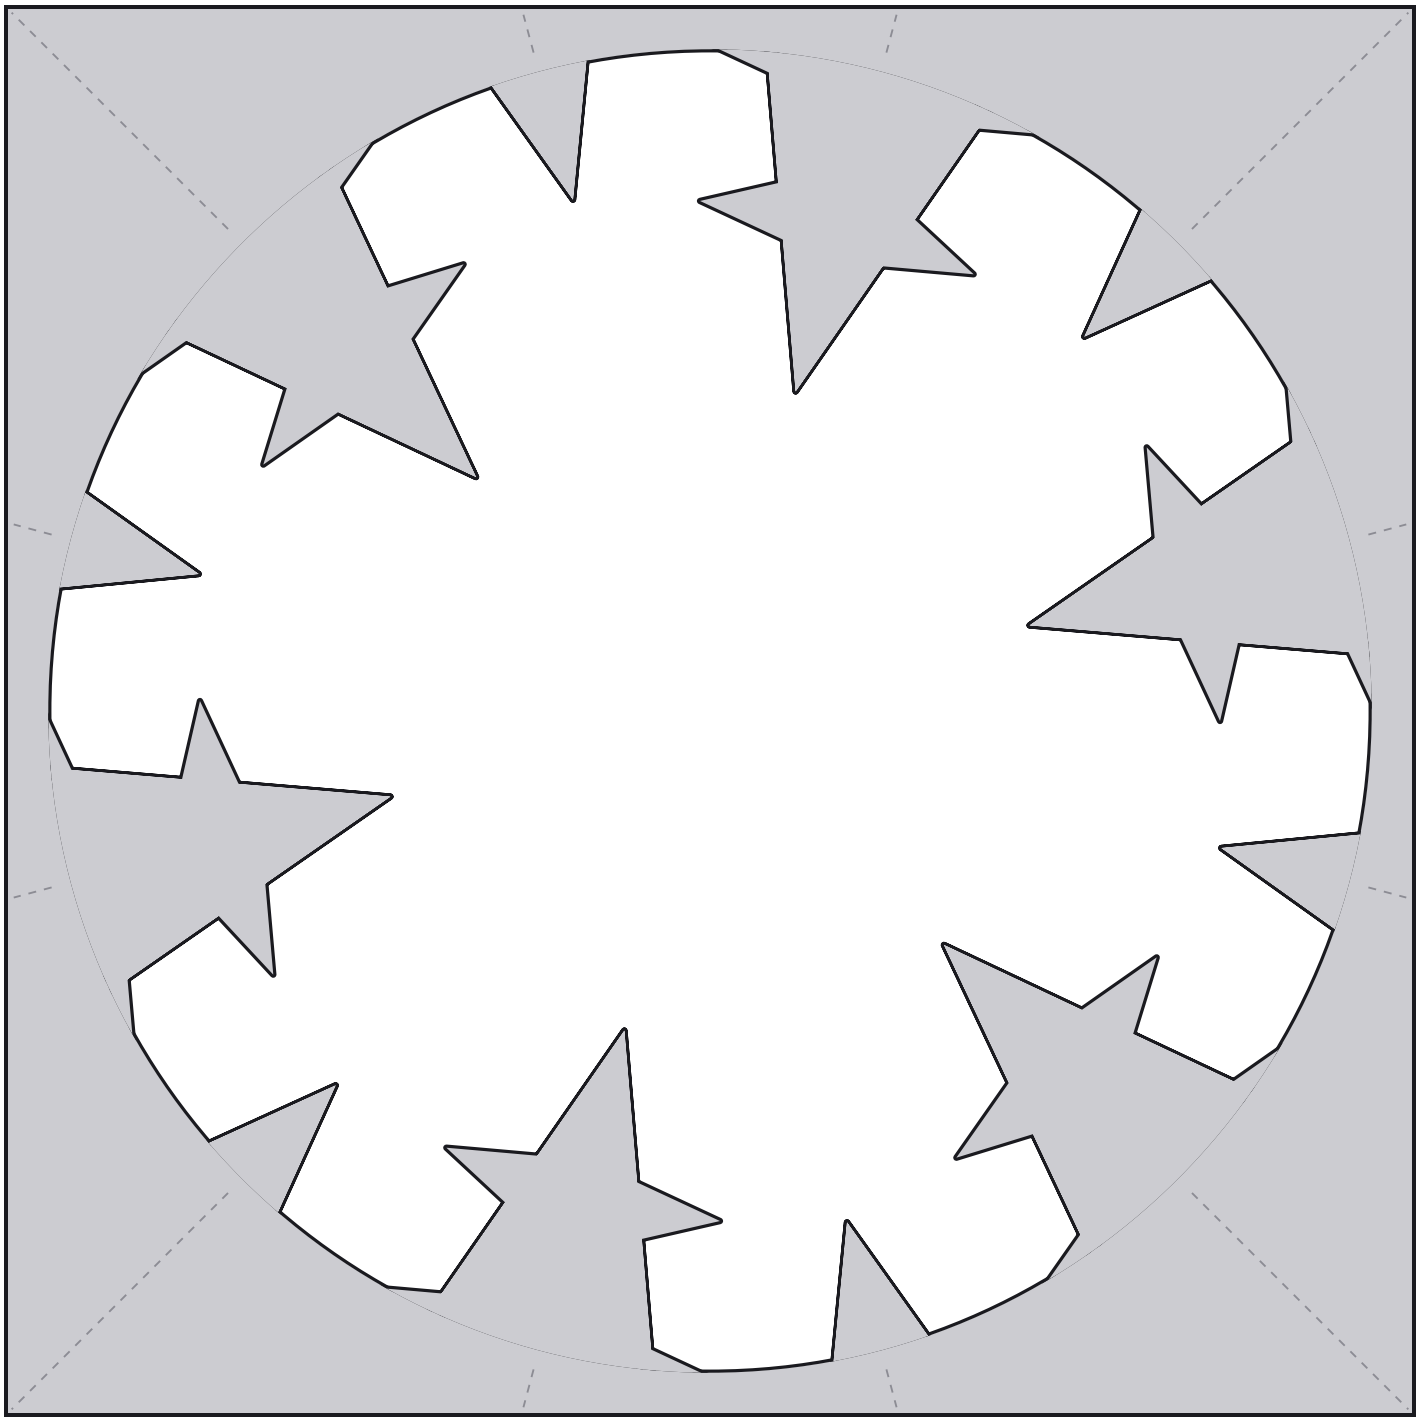

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Triangle Flake

Easy · Ages 4 to 6, with help

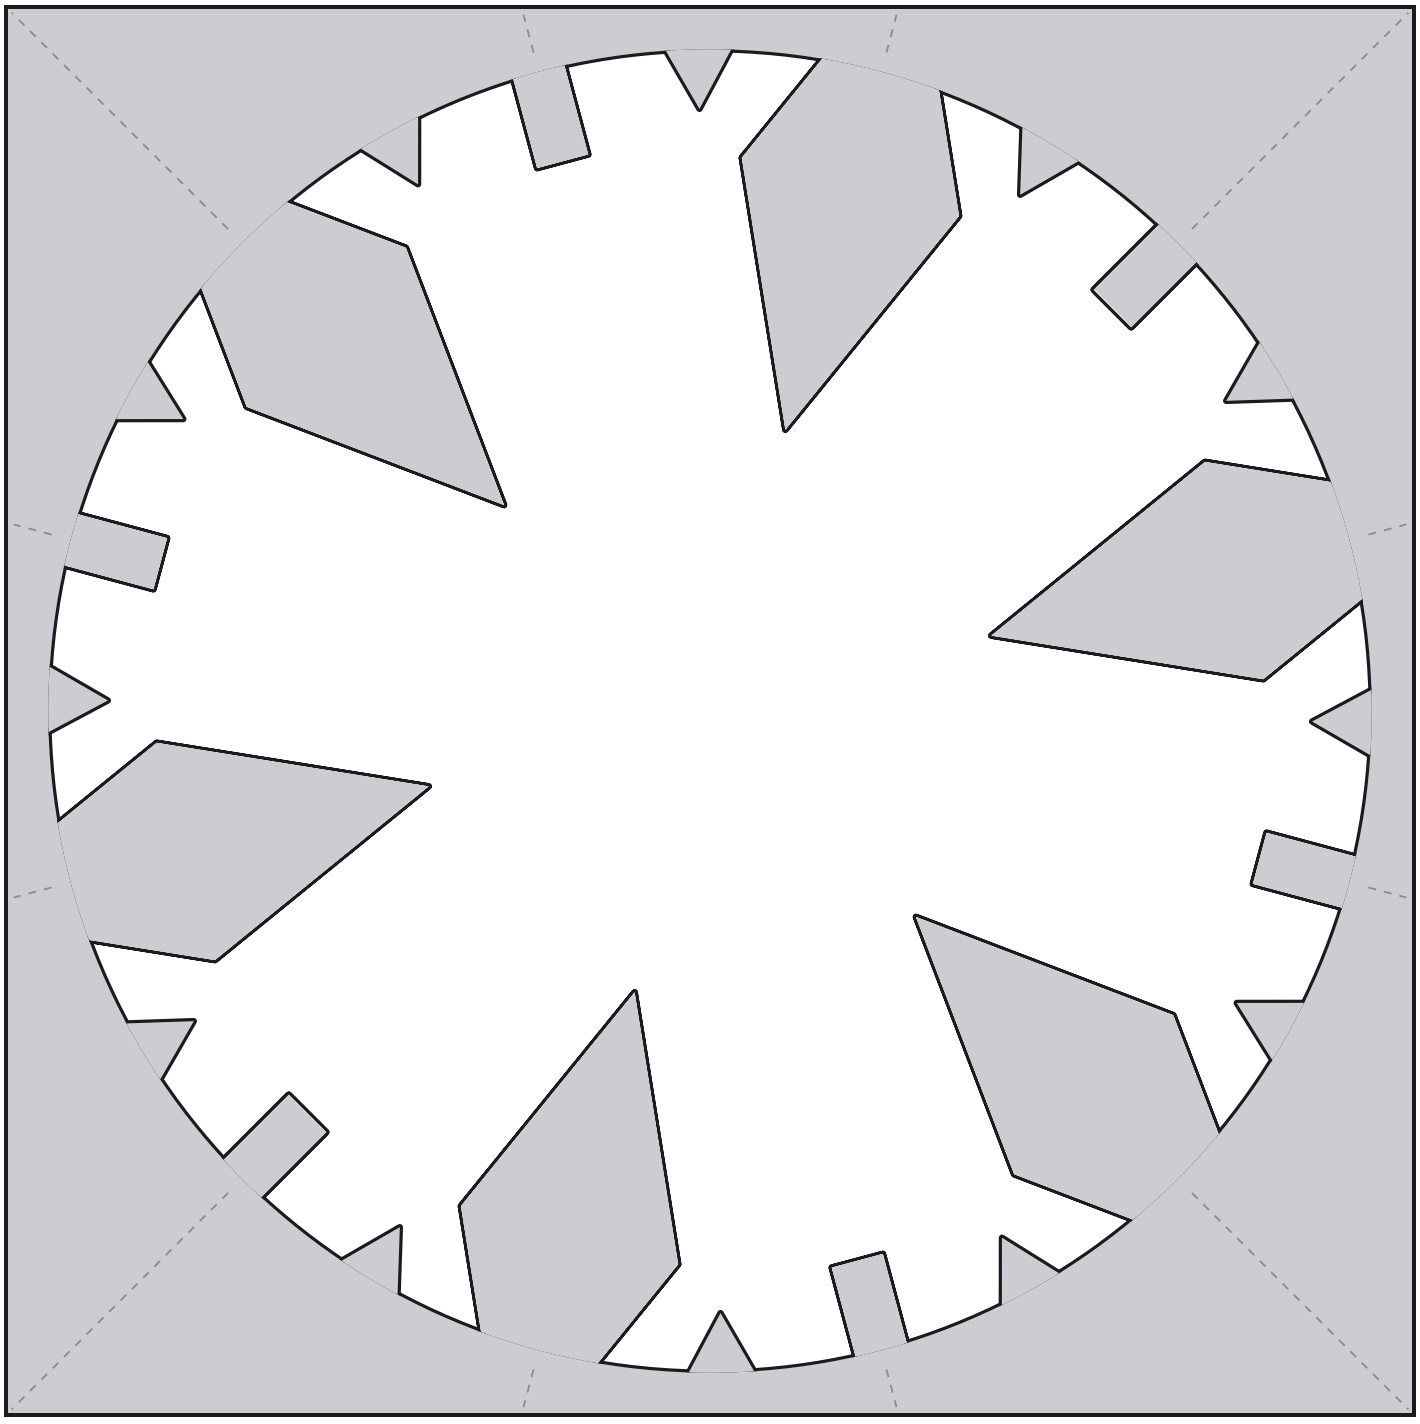

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Diamond Flake

Easy · Ages 4 to 6, with help

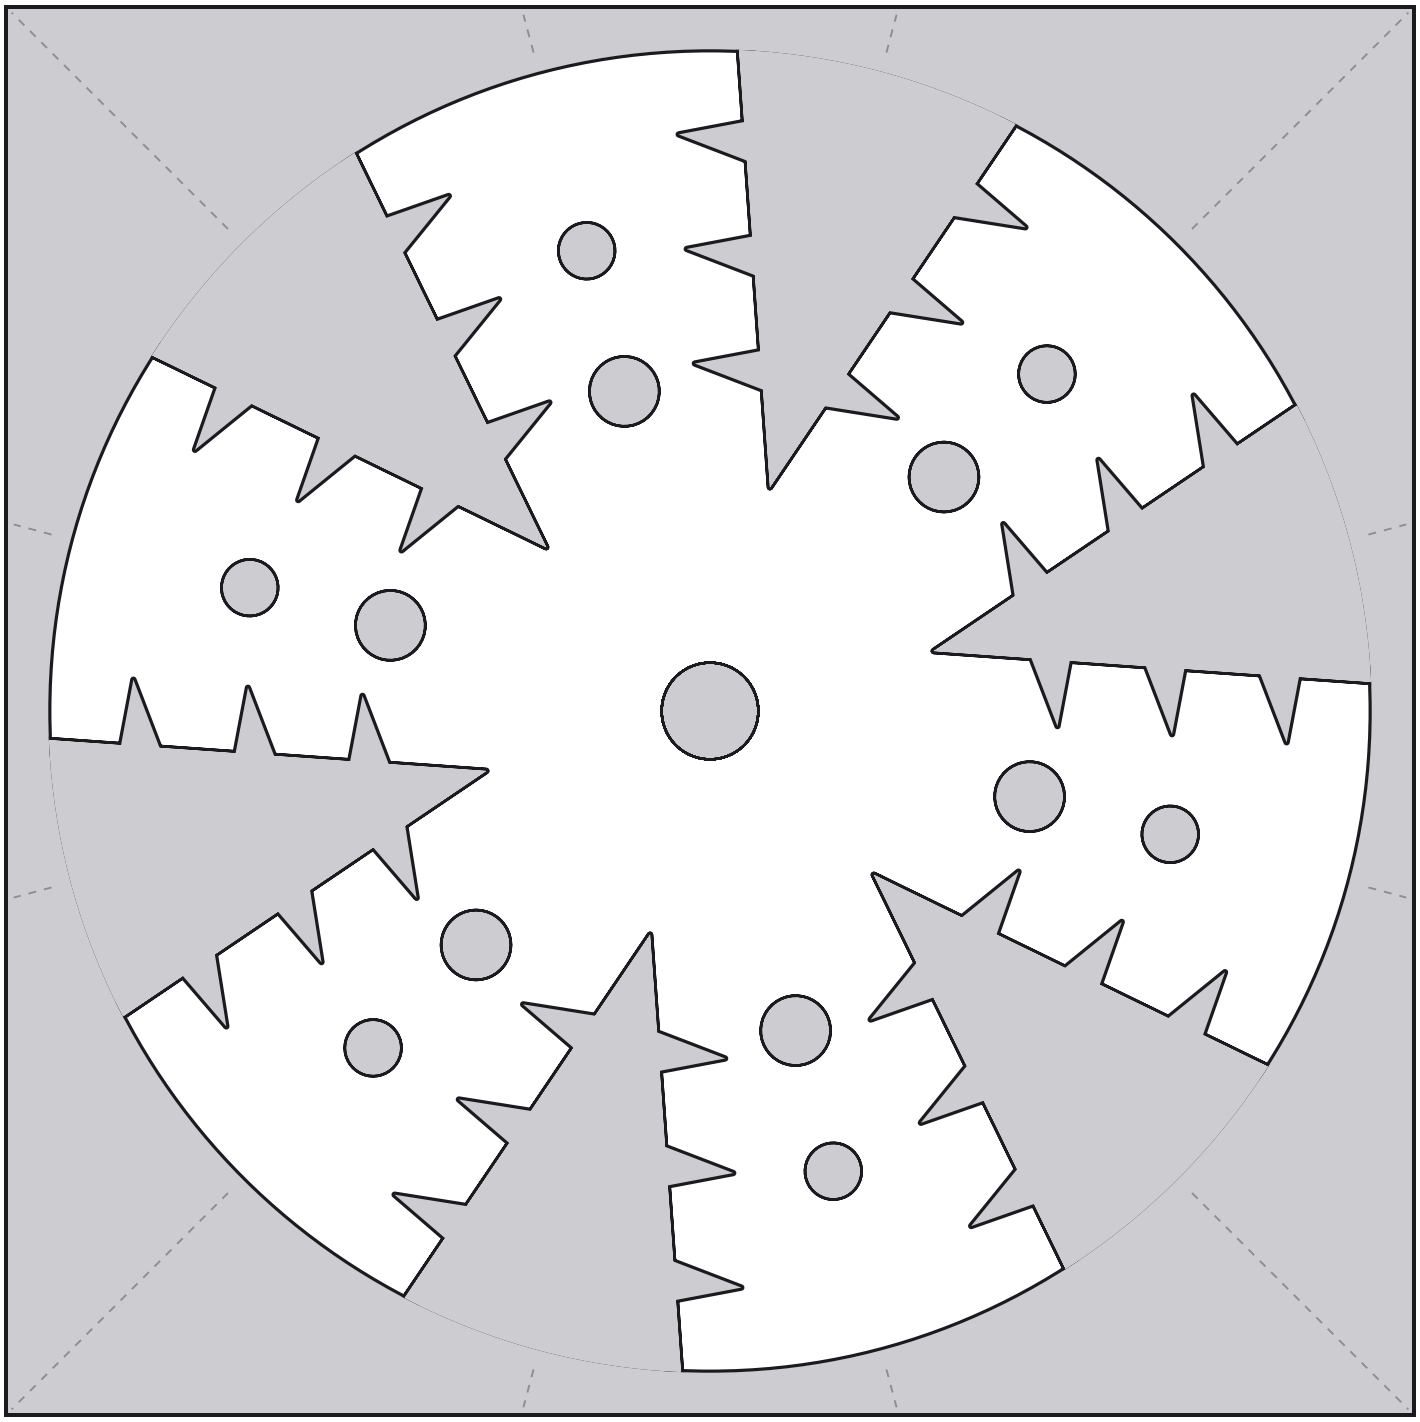

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Fern Flake

Medium · Ages 7 to 9

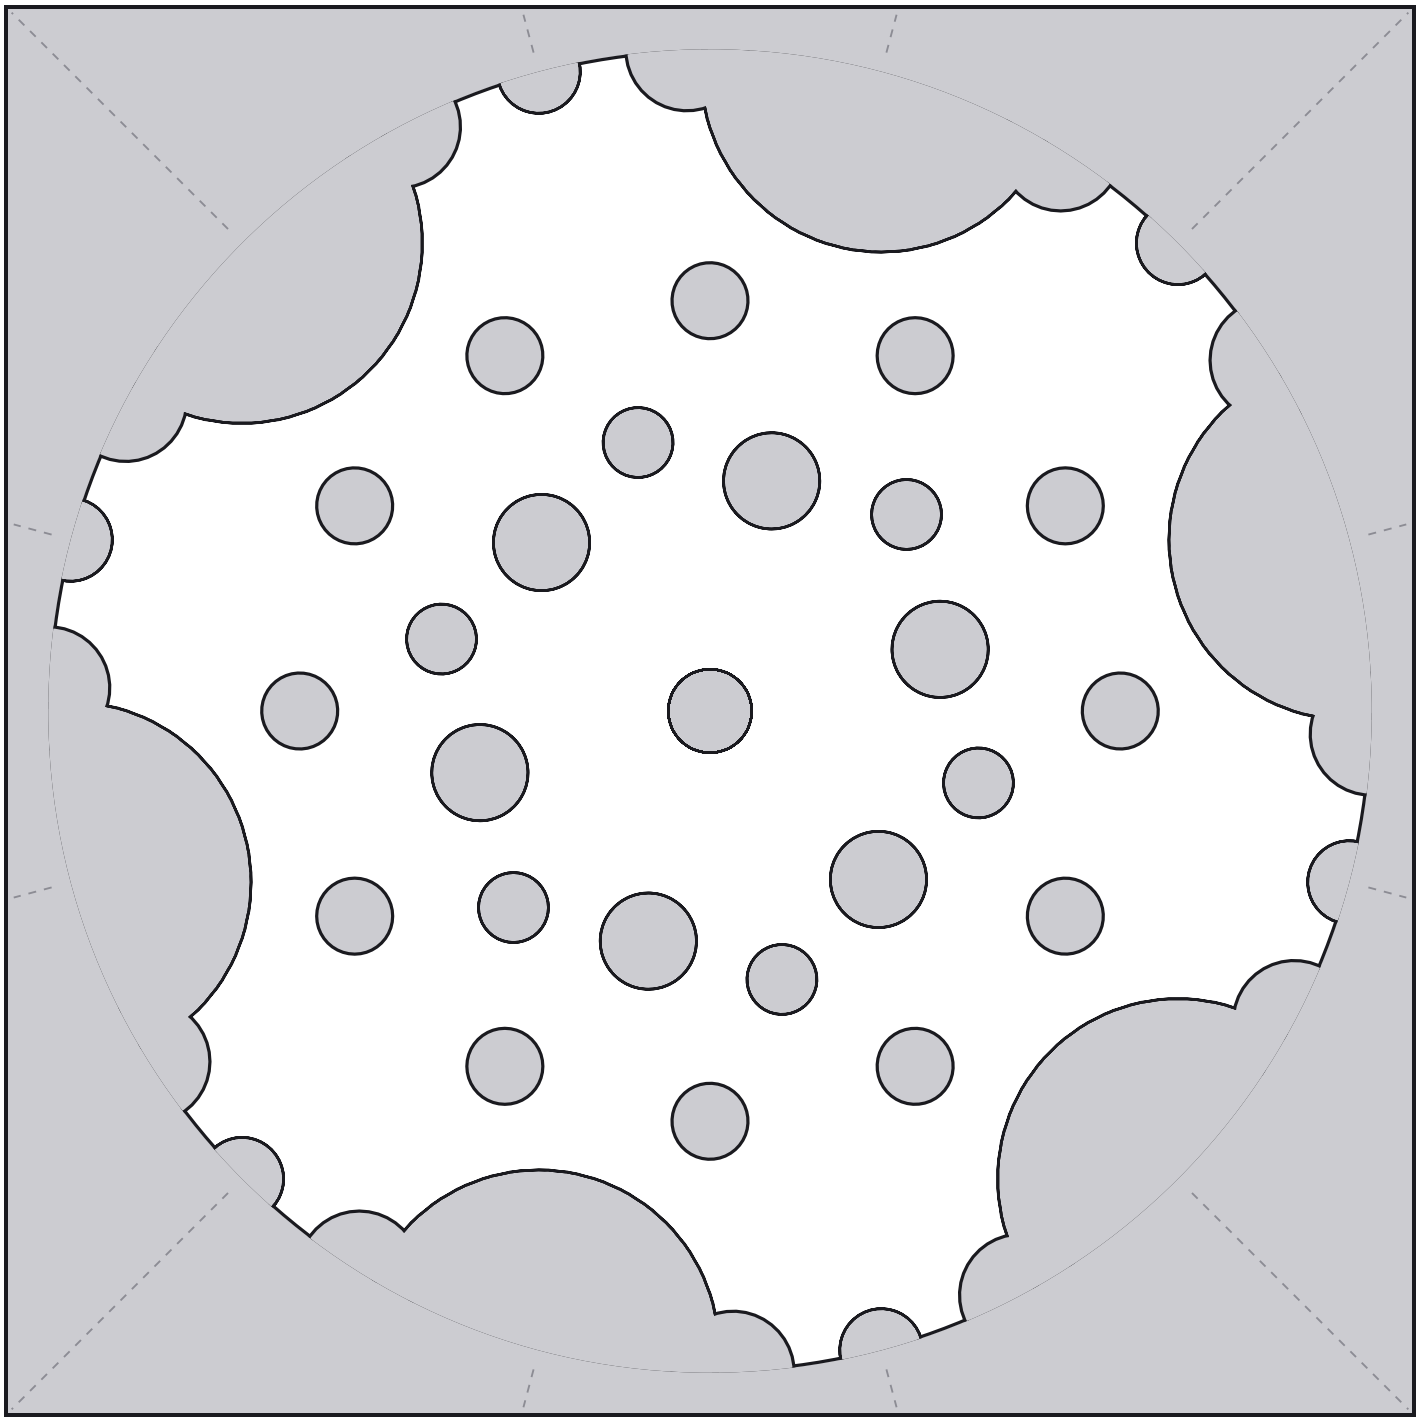

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Lace Flake

Medium · Ages 7 to 9

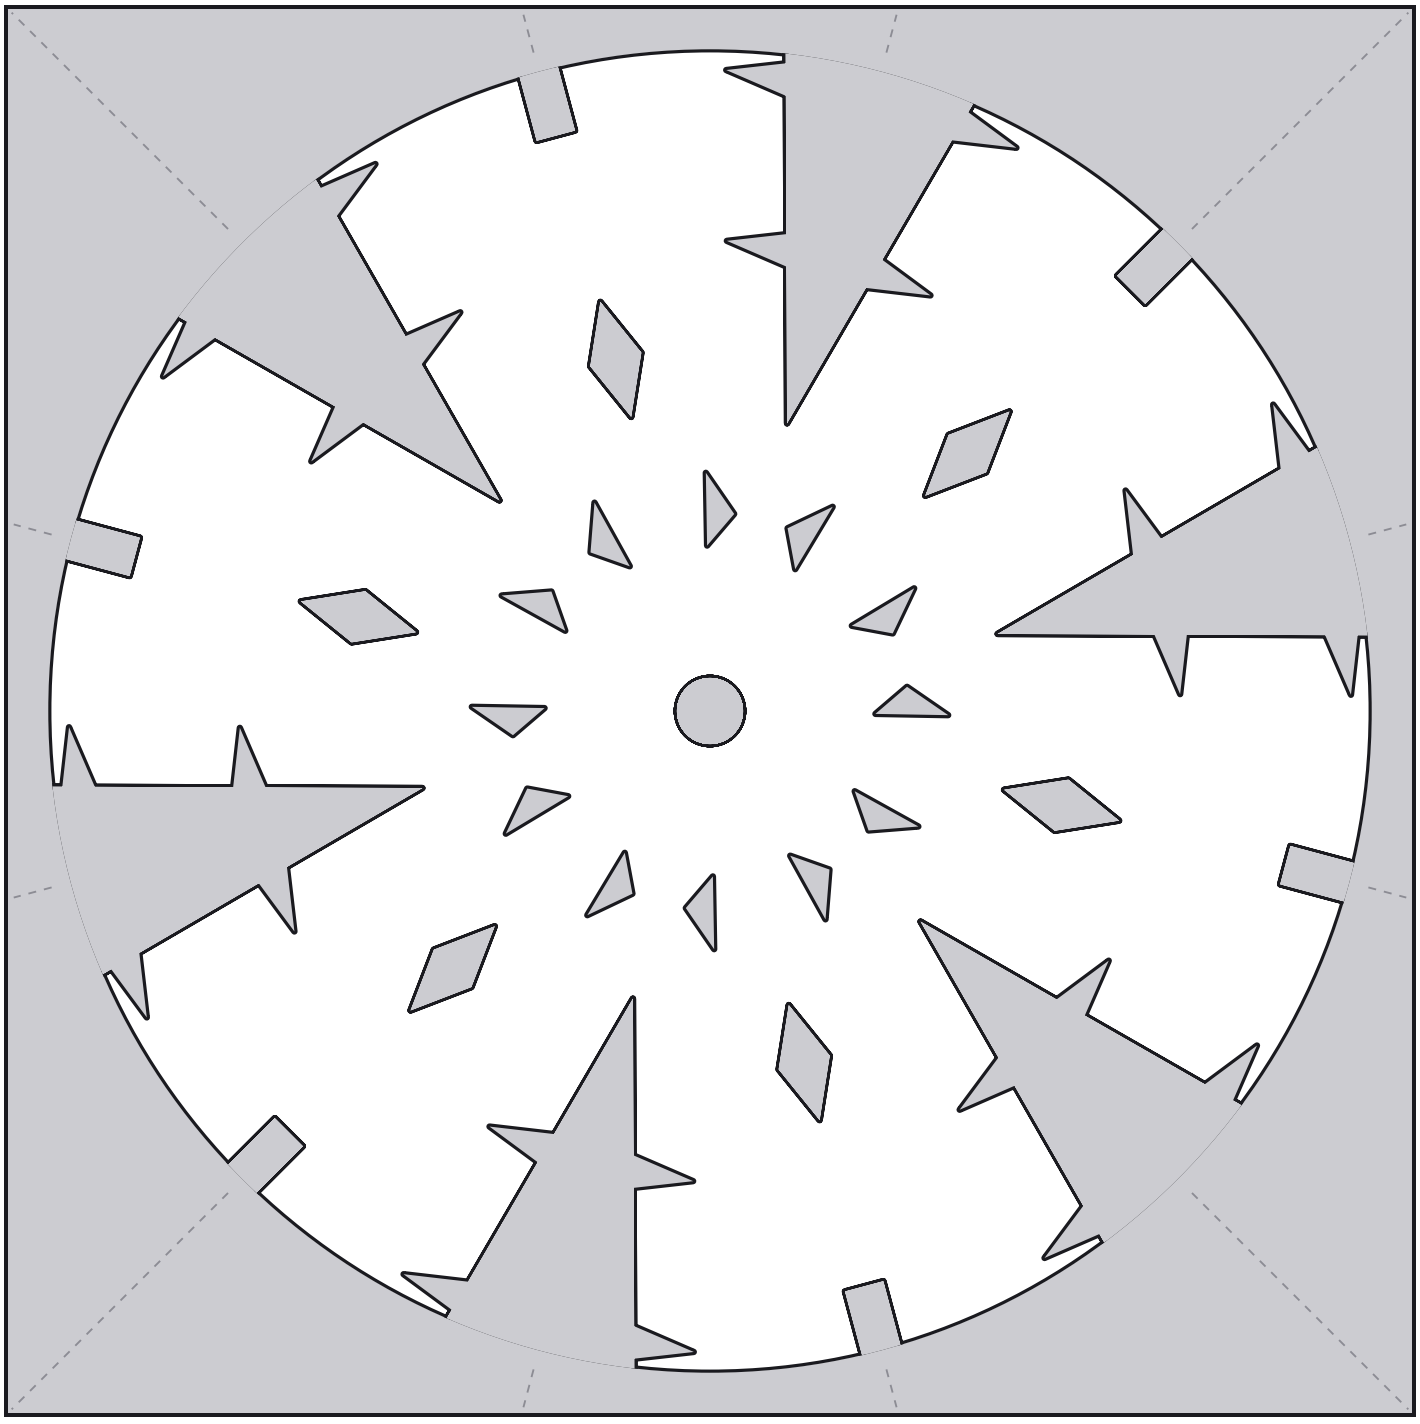

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Crystal Flake

Medium · Ages 7 to 9

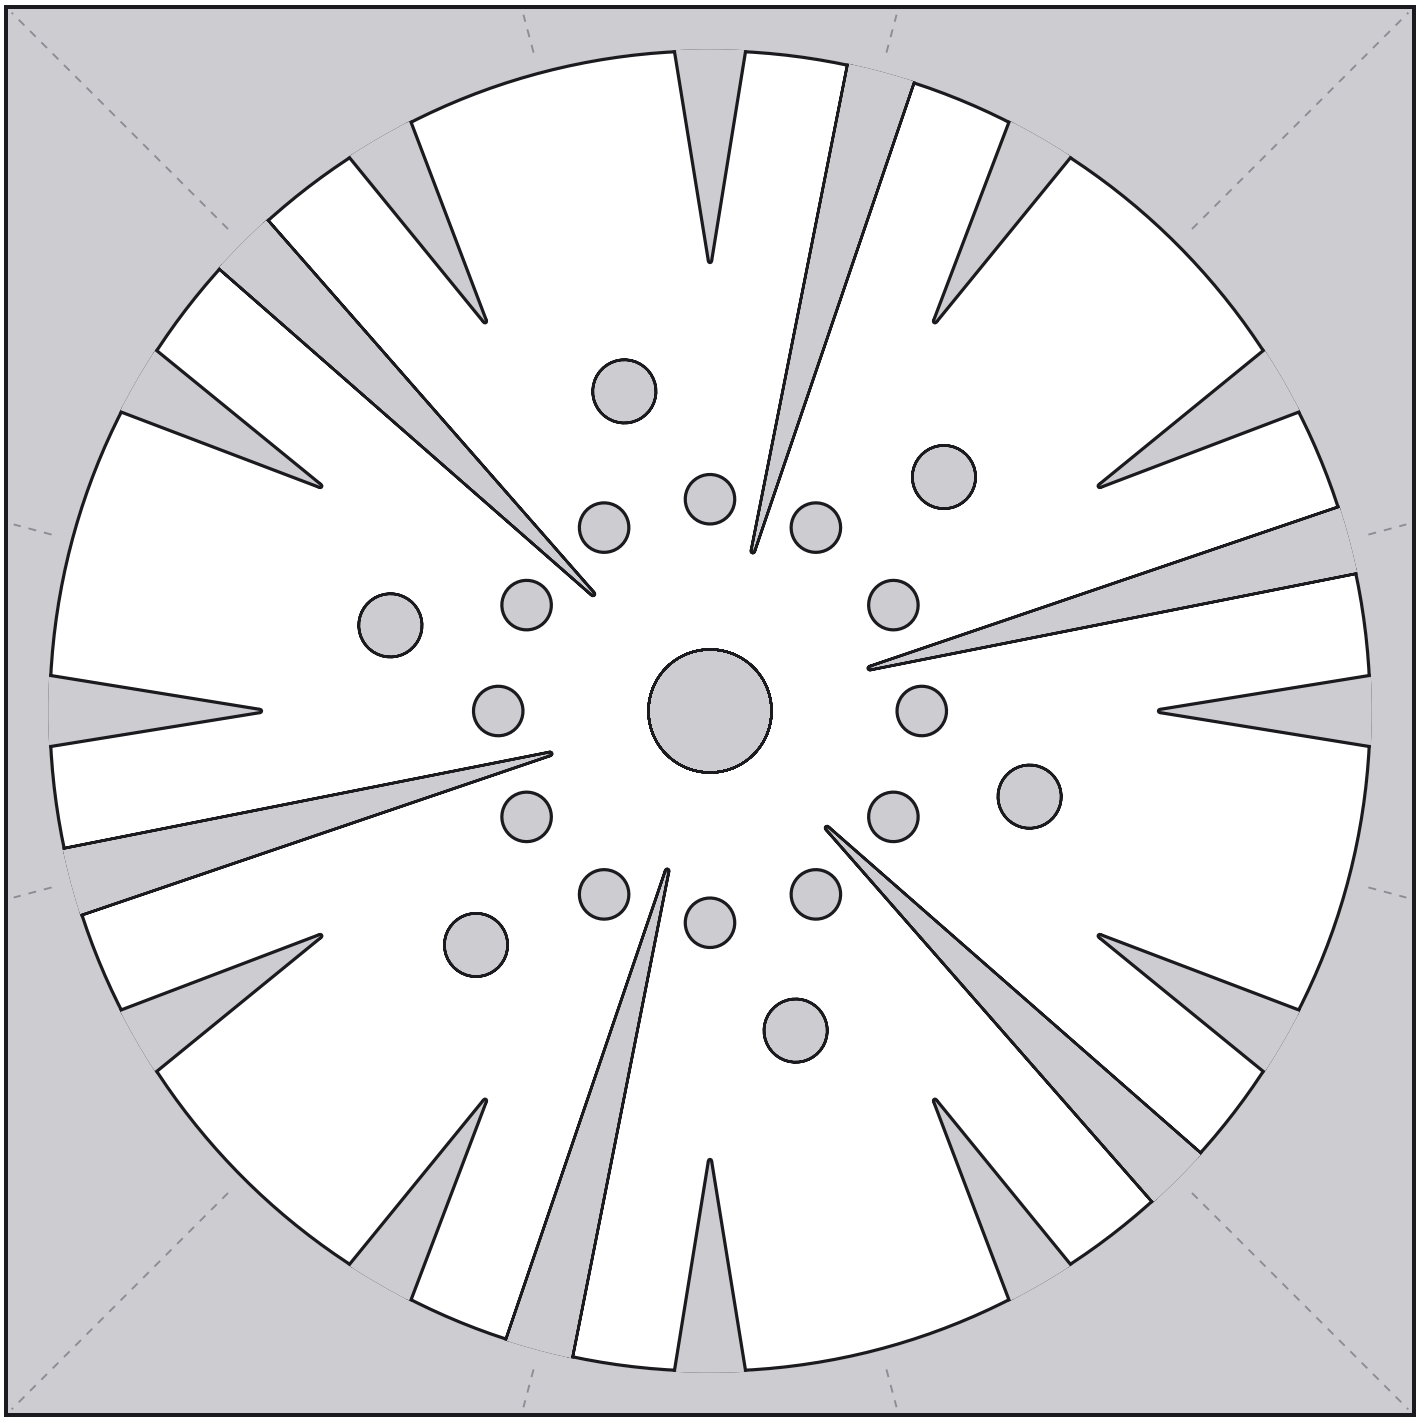

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Starburst Flake

Medium · Ages 7 to 9

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Winter Lace Flake

Detailed · Ages 10 and up

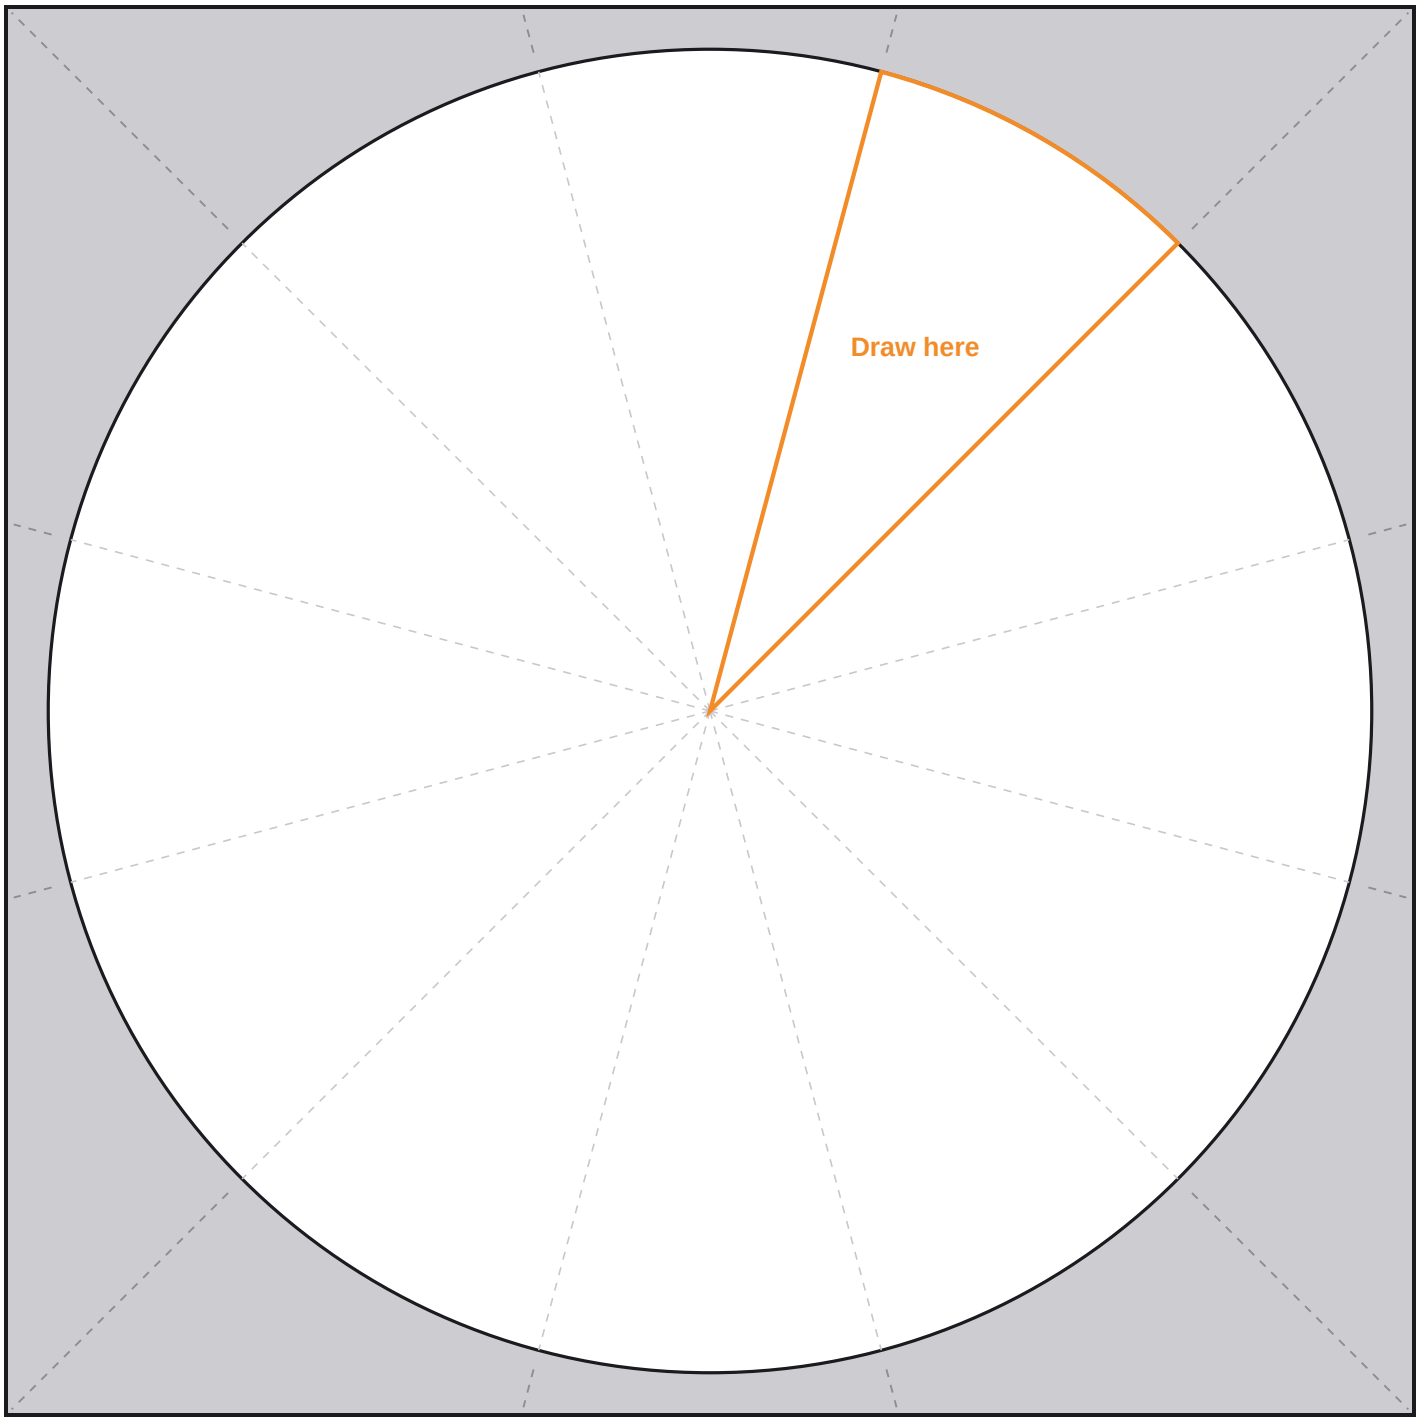

Cut out the square. Fold it with the printed side out (page 2), then cut away everything gray.

Name: _____

Design Your Own Snowflake

Draw, shade, fold and cut

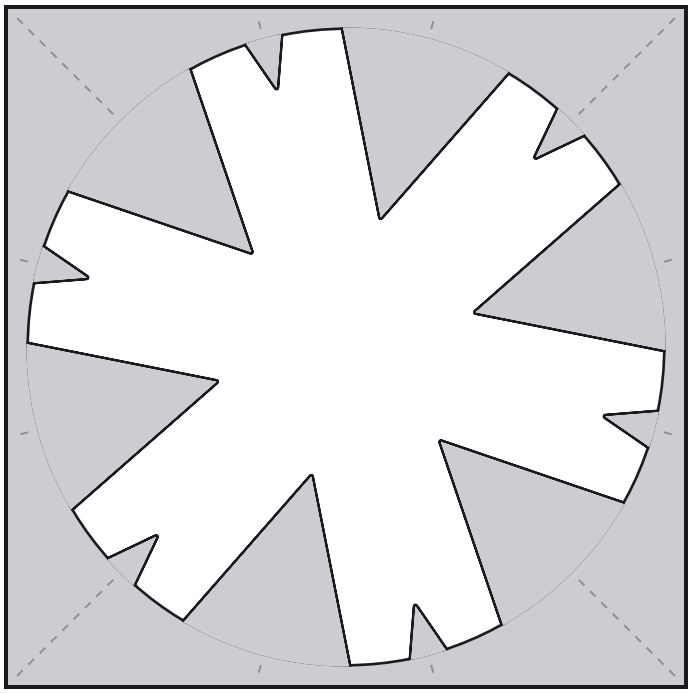

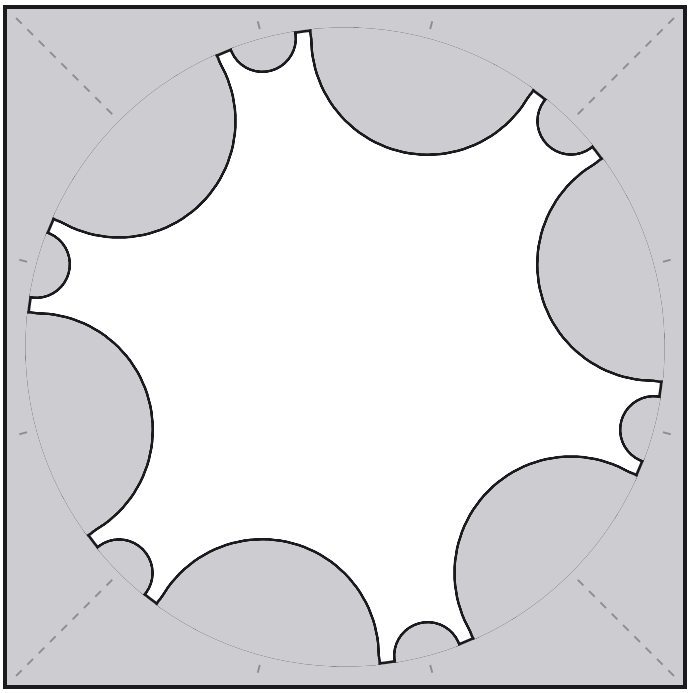

Shade what you want to cut away. Shapes on a fold line repeat 6 times; shapes in the middle repeat 12 times.

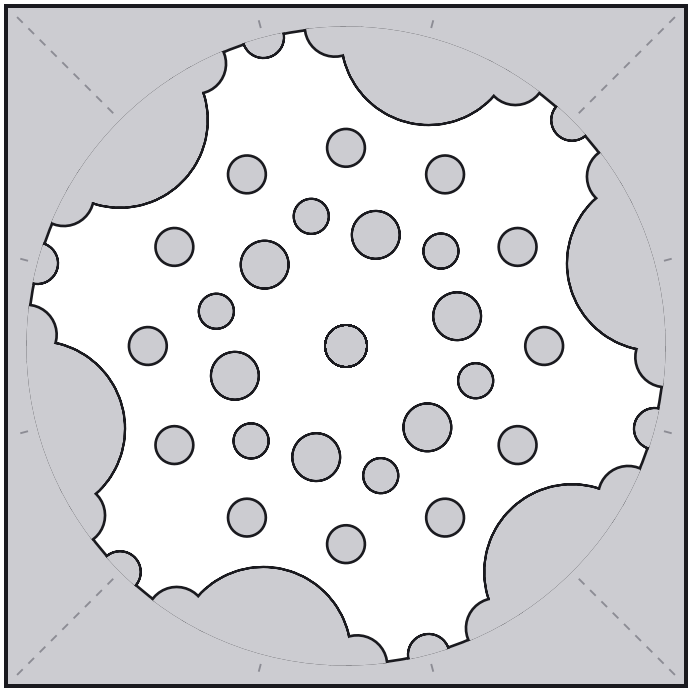

Name: _____

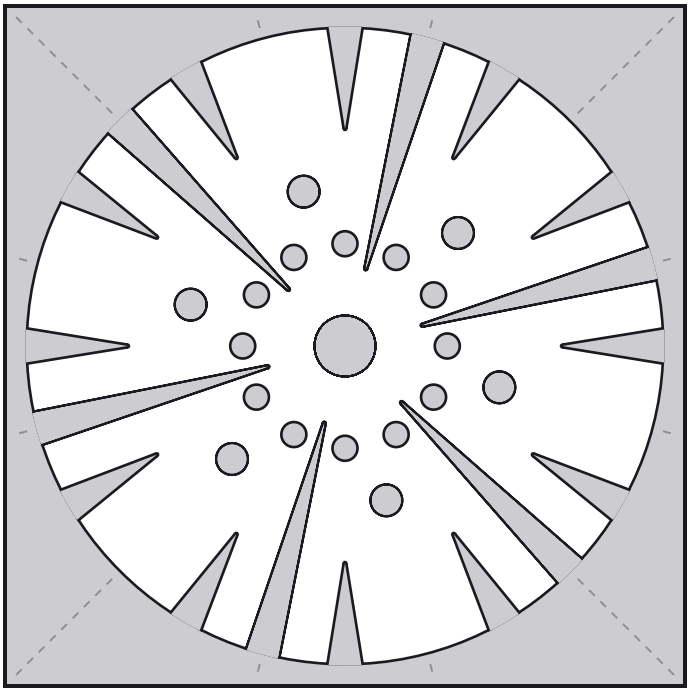

Mini Snowflakes

For a garland or gift tags

Same folds as the big ones. Thin paper works best for these.
