20 Thank you notes

Quick start

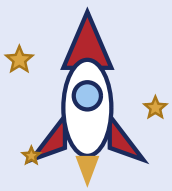

- Print on US Letter or A4.
- Cut along the dashed lines.
- Tie a tag to a paper bag, or fold a topper over it and staple.

Tips for better party favors

- One good favor beats a bag of six forgettable ones.
- Ask about allergies before you hand out anything edible.
- Make two extras: a sibling always turns up.

My party coloring book

Name: _____

How to fold (red dashed line = cut, grey dotted lines = folds):

1 Fold the sheet in half along the long middle line, then open it. Fold it in half the other way, then fold each half in half again, then open it flat.
2 Fold the sheet in half along the long middle line again and cut along the red dashed line, through the middle two panels only.
3 Open the sheet and fold it the other way, so the cut becomes an opening. Push the two ends together until the opening is a diamond.
4 Flatten the folds into a little book with the cover on the front. No stapling needed.
