Glue that holds

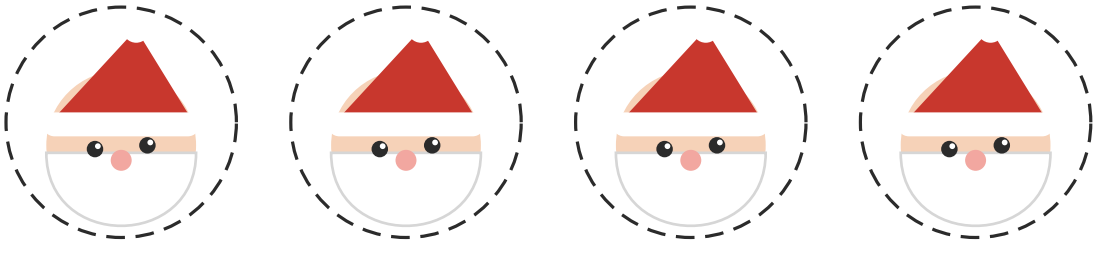

- Use a little white PVA glue, not a puddle.
- Clip each joint with a clothespin while it dries.
- Build one day, paint the next. Wet paint and wet glue slide apart.
- Hot glue is fast, but only for adults.

Pieces fit a standard craft stick (about 0.4 in wide). Jumbo sticks are about 0.75 in wide.

Picture steps

Popsicle stick star and snowflake

Popsicle stick star (craft 5)

1

Glue two sticks into a V. Clip and let it set.

2

Glue a third stick across the top.

3

Add the last two sticks. Clip and dry overnight.

4

Paint it gold and add a ribbon loop.

Popsicle stick snowflake (craft 6)

1

Start with one stick standing up.

2

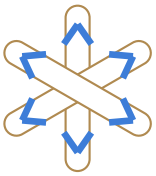

Glue a second across its middle at an angle.

3

Add a third so all six ends are evenly spaced.

4

Paint it white. Add little V shapes at the tips.
