Printing tips

- Print at actual size (100%), not "fit to page".
- Easy pages have thick lines for crayons. Detailed pages are best with colored pencils or fine-tip markers.
- Print the draw sheet before the quarterfinals, and stick it on the fridge.
- Nothing here is tied to one tournament, so the pages work again for Wimbledon.

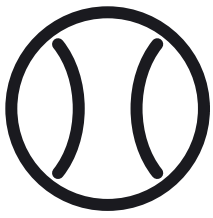

Prints on US Letter and A4.

How Tennis Scoring Works

A guide for kids, from love to match point

Love		Zero points. Nobody knows for sure why it's called love!
15		The first point you win.
30		Your second point.
40		Your third point. One more and you could win the game.
Game		Win a point after 40 and the game is yours.
Deuce		Both players have 40. Now you must win two points in a row.
Advantage		You won the point after deuce. Win the next one for the game.
Set		Win six games, two more than the other player, to win a set.
Tiebreak		At six games each, a tiebreak decides the set. First to seven points, by two.
Match		Win enough sets to win the match: best of three, or best of five.
